I am in receipt of your communication of the 30th ultimo, written on behalf of Mr. V. V. I would, however, advise you that the matter of an adjustment of this balance was forwarded to the Adjustment Board of Alberta on October 30th 1928, but their investigation and report has evidently not as yet been completed. You will be further advised when their recommendation has been received.

Re: Account of Vincent Victor Bowe,  
S.W. 1/4 19 & N.W. 1/4 18-10-11-W4.

Dear Madam:

During the years 1911 and 1915 while homesteading the above mentioned land, Mr. Vincent Victor Bowe received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$317.80 of which \$107.52 is principal and \$210.28 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

Re: Account of Vincent Victor Bowe  
S.W. 1/4 19 & N.W. 1/4 18-10-11-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1911 and 1915 seed grain, fodder and relief amounting to \$860.39 were advanced to Vincent Victor Bowe on the security of the above mentioned land. Payments of \$165.00 and \$658.42 were received in 1915 and 1917, respectively, and applied to the principal and interest. The present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$107.52	\$210.28	\$317.80

Patent was issued in the name of Vincent Victor Bowe for the N.W. 1/4 18-10-11-W.4th on the 17th of June, 1912, and for the S.W. 1/4 19-10-11-W.4th on the 13th of February, 1929, subject to the liens.

These two quarter-sections are of low assessed value and have never been revenue producing sufficiently to enable the repayment of the liens. This land is described as being in a very poor district where crops have always been poor due to numerous crop failures due to drought.

Title to the N.W. 1/4 18-10-11-W.4th has since been acquired by the Municipal District of Bow Island No. 94 under the Tax Arrears Act; while the S.W. 1/4 19-10-11-W.4th now stands in the name of Mrs. Isabelle Bowe of Burdett, Alberta. In reply to our questionnaire of the 28th of April, 1931, the Secretary-Treasurer of the Municipality of Bow Island No. 13 advised us that there was an accumulation of \$173.08 arrears of taxes outstanding against the land.

Payments amounting to \$823.42 were received by 1917, leaving only a balance of \$107.52 principal outstanding against the land.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances and in view of the substantial payments already received, it is recommended that the balance of the indebtedness be cancelled and the liens discharged.

MEMORANDUM:-

I submit an application from James Moore, whose homestead is the North West 1/4 of Section 10, Township 57, Range 6, West of the 5th Meridian, the area of which, however, is reduced by about 26 acres by the river which runs through it. He asks that a certain addition - hatched in red in the accompanying plan - should be made to his entry.

I would recommend that his request be granted in so far as that part of the North East 1/4 of 10 lying West of the river is concerned; but I do not think it would be advisable to give him a part of the North East 1/4 of 9, as it is too far away.

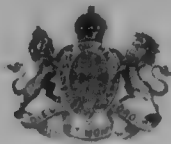

Respectfully submitted,

*W. H. Roy Dixon*

J.W. Greenway, Esq.,  
Commissioner of Dominion Lands,  
Ottawa.

*Approved. It might also include the very small portion of the NW 1/4 of 9 with 7 acres 0.2 acres. J.H. 19 Nov 08*

SIR RECEIVED

I beg to acknowledge the receipt of your letter of the 3rd ultimo, and in reply to say that in view of your representations it has been decided to instruct the Agent of Dominion Lands at Edmonton to add to your homestead, the North West 1/4 of Section 10, Township 57, Range 6, West of the 5th Meridian, that portion of the North East 1/4 of the same Section lying west of the Pembina River, containing in extent 5.30 acres; also the small portion of the North East 1/4 of Section 9 lying east of the said river, containing 0.20 acres. It is not considered advisable, however, to meet your wishes with respect to that portion of Section 9 lying west of the Pembina River, for the reason that it is situated too far away from your homestead.

Dear Sir,

Having filed on the N.W.  $\frac{1}{4}$  of section 9. Township 54. Range 6 W of 5<sup>th</sup> Meridian I find that I have only 117 acres more or less.

There is a fraction adjoining of the N.E.  $\frac{1}{4}$  of the said section on the north side of the Pembina River. I should be glad to know if you could arrange for this to be added to my homestead or if not I would be willing to buy.

I remain,

MEMORANDUM:

Request for transfer of Dominion Lands.

Re: Edward R. Faux, #Lieut.  
Fr. N.E. 1/4 9-57-6-7.5th M.  
lying north and west of the  
river - (Time Sale).

The above named settler secured advances from the Board for permanent improvements and stock and equipment totalling \$2985., the Board taking a charge upon his unpatented land above described. Owing to such charge, patent to this land cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We are now in receipt of a request from Mr. Faux that patent to the land above described should be issued in favour of the Board. Mr. Faux states that Departmental requirements in order to enable him to obtain patent for this land have been complied with and he would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letter from the Controller of the Land Patents Branch to the Board, dated the 2nd instant, copy of which is attached hereto.

In order to enable a settler to negotiate a sale of land in cases of this character, special Regulations were promulgated by the Board as approved by the Governor in Council on the 4th day of June, 1921, (P.C. 1321), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board hereby requests that the right, title and interest of His Majesty in the Fr. N.E. 1/4 of 9-57-6-7.5th M. (lying north and west of the river), be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Application to have patent for this land  
vested in the Soldier Settlement Board  
under the Order in Council of the 4th  
June, 1921. (P.C. 1821.)

This entrant has obtained advances on the security of  
the above land from the Soldier Settlement Board.

Amount ----- \$2985.00.

Purpose ----- Stock, equipment and permanent improve-  
ments.

This sale was subject to Mr. Faux earning title to his

been paid for in full but patent could not issue in the name of the  
purchaser until his indebtedness to the Board was paid in full.

In a memorandum hereunder dated the 21st ultimo, the  
Soldier Settlement Board reports the receipt of an application  
from the entrant to have patent for this land issue in favour of  
the Board and it is pointed out in this memorandum that this would  
enable the entrant to negotiate a sale of the land. A Vesting

It is suggested that the necessary action be taken to

I have your letter of the 3rd instant and in view of your request am furnishing you with the facts of the sale in connection with the application of Russell F. Wood.

Mr. Wood was allowed, on the 17th April, 1919, to purchase the above described lands totalling 13.4 acres. He remitted, in connection with the sale thereof, \$80.40 which was at the rate of \$6.00 per acre.

Mr. Wood was advised on the 3rd December, 1919, that the two small parcels of land containing respectively 1.4 acres and 1.9 acres had been sold to him in error as they belonged to the School Lands Endowment Fund and, therefore, could not be sold as Dominion Lands.

A refund cheque for the sum of \$19.80, being the overpayment, was forwarded to him on the 8th January, 1920, to Stony Plain Post Office, Alberta.

Patent for the 10.1 acres issued in favour of Mr. Wood bearing date of the 15th December, 1919.

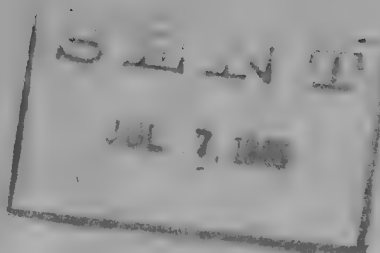

I am unable to advise you as to the standing of Fr. L.S. 5 of Section 10 and the Fr. L.S. 8 of Section 11, as mentioned at the bottom of your letter in view of the fact that the records in this connection appear to be in your possession.

I would estimate a year  
you would want one or two sections of six  
months or only six months of it. I entered land on  
the 29th of Jan. 1909 for the 1st of Dec. 20  
T.P. & Reg. U. S. Men. The reason that I ask  
for an extension is because I have a bunch  
of cattle where I am living and I could  
not have time this fall to haul lumber to  
build shelter for them. From the railroad  
to the land I have entered for it is twenty  
five miles to haul everything. And lumber  
costs \$40 per thousand. Next summer the rail  
road is coming closer and it would not  
be so far to haul building material  
and I could arrange shelter and feed.

And I am

As you state that you had not made certain improvements on the North-half of Section 20 - 24 - 3 - 4th Township, which were not paid for by the present holder of the land, the Agent at Calgary is being asked to instruct the District Inspector to make a personal inquiry and report as to what improvements existed at the date when you obtained the land.

on the H. 1-20-24-9-4 at the time Mr L Gray obtained

Dear Sir:

In June '04 (two years ago) one  
Gray filed scrip in Post Sec. 50-24-9.  
He made affidavit that there  
"is" stock, corral, & dug out & saved  
on same, value \$15<sup>00</sup> (Fifteen dollars).  
Said improvements were sold to him for  
that sum.

I wrote you soon after that I had sold  
those and value was \$150<sup>00</sup> instead of  
\$15<sup>00</sup>. That I had gone to file but my  
authorization for leaving had not ar-  
rived; that the winter was in and I  
could not make another trip etc. That I was  
in occupation, at time of this filing.  
I now ask as a small recompense  
that the \$15<sup>00</sup> be paid me, as is  
customary in your department.

yours truly,

General Remarks Continued:—

I beg to acknowledge the receipt of your letter of November 9th 1911 with reference to the improvements placed upon the Military Homestead of M. J. Gray the C<sup>1</sup>/<sub>2</sub>-20-24-9 N.H.M. & valued in a subsequent report by Homestead Inspector Grayson at \$13.00.

I beg to state I visited this land on the 4th inst. & inspected the improvements which M. J. McInnes of Pollockville claims as the former entrant.

M. J. Gray not being at home at the time I made this inspection all I could find was two small dug-outs & a few posts on the bank of the Blood Indian Creek which are of no practical value at the present time.

I also interviewed M. J. McInnes of Pollockville with regard to the original improvements who claims that they were worth \$50.00 at the time M. J. Gray obtained entry but I would consider 15/100 a very fair price for them.

A/o. Leonard Gray -

As requested in your letter of the 21st ultimo, herewith is a statement of the Dominion liens registered against the N. 20-24-9 W. 4th in the name of Leonard Gray.

Patent for the S.W. 4-11-29 W. 4th bearing date the 15th April, 1913, issued in the name of Leonard Gray and if Mr. Gray is the same person who incurred the indebtedness against the N. 20-24-9 W. 4th the liens are a correct charge.

Dear Sir:

S.W. 1/4 4-11-29-4th  
Leonard Gray.

Re Dominion Liens registered as B.O. 7641, I was somewhat encouraged by your letter of 23rd September last to make application for withdrawal of this lien on the grounds set forth in the enclosed Statutory Declaration.

While the proof I offer is entirely unsupported by other evidence, knowing the applicant, and the Gray family as I do I have every reason to believe that his statement is the truth, and confidently offer it to you as such.

I will be glad if you will give the matter the attention it deserves, at the earliest time you can afford.

Niel Gray lives a long way from here, hence the delay in getting the matter prepared and sent to you earlier.

Yours very truly,

'sgd' H. O. Haslam

STATUTORY DECLARATION

CANADA  
Province of Alberta.

IN THE MATTER OF a Seed Lien Leonard Gray to the Crown  
\$76.50 Seed Grain, \$10.20 Fodder and \$20.00 Relief Int  
5% registered in Land Titles Office at Calgary on 27th  
December 1916 as 7641.B.O.

TO WIT

I Leonard Gray of the Post Office of Cabin Lake in the  
Province of Alberta, Farmer do solemnly declare That I am the  
above named debtor.

2. That although the above indebtedness was registered  
against my lands on 27th December, 1916, it was incurred in  
the Spring of the year 1915, and was fully paid by me on or  
about the month of October A.D. 1915.
3. Payment was so made by me through one of the elevators  
at Youngstown, to whom I sold my wheat in 1915, by the  
elevator Manager deducting the amount of the said indebtedness  
from the proceeds of the sale of my wheat.
4. The said wheat was sold at one of the elevators in Young-  
stown, but owing to the lapse of time, I am unable to say to  
which elevator, as I have sold grain at various times to different  
elevators in Youngstown.
5. I hold no receipt for such payment, but I am confident such  
payment was made, as the deduction therefor was so expressed in  
the cheque I received for the balance of the proceeds of my wheat.
6. No indebtedness was incurred by me for Seed Grain, Fodder  
nor Relief in the year 1916. I had good crops in both the years  
1915 and 1916 and was in no need of such assistance.
7. I had no knowledge of the said Lien being registered against  
me until the month of May in the present year.
8. I therefore claim that the said Lien should be cancelled and  
removed from the records of the Land Titles Office at Calgary.

And I make this declaration conscientiously believing the  
same to be true, and knowing it is of the same force and effect as  
if made under oath, and by virtue of The Canada Evidence Act.

Declared at the City of Calgary,  
in the Province of Alberta, this  
1st day of December, A.D. 1943.  
Before me

I enclose herewith a letter from H. O. Dear Sir,

Re - N<sup>o</sup> 20-24-9-W.4th Mor.  
Leonard Gray,  
Your file D-G-98.

Your letter of the 6th instant forwarding a letter from M. O. Haslam, K.C., of Claresholm, together with Statutory Declaration completed by Leonard Gray, relative to advances made him by this Department in 1915, has been received.

A statement of this account was sent Mr. Gray to Kimmundy, Alberta, every year from 1921 to 1930 inclusive. He was also approached for payment by our seed grain collectors in April, 1924, when he stated that owing to an accumulation of other debts he could not then pay this Department.

Homestead Inspector M. B. Stickney approached him for payment in May, 1928, and reported -

"Owing to a series of dry years and crop failures the lienor states he is unable to pay. It appears very improbable that the seed grain account in this dry area will ever be collected."

For your further information I beg to advise that a statement of this man's indebtedness was sent to W. D. Spence, Deputy Minister of Municipal Affairs, on the 29th September, 1926.

The communication from Mr. Haslam, K.C., and declaration made by Mr. Gray, is the first intimation this Department has ever had that Gray claims to have paid the indebtedness, consequently I am of the opinion that he

is entirely mistaken as there is no record of any payments having been received. The letter and statutory declaration are returned herewith.

Ottawa, February 8, 1956.

Leonard Gray, Esq.,  
Cabin Lake, Alta.

Re: Account of Leonard Gray,  
No 20-24-9-W4.

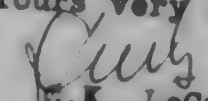

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Leonard Gray received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$324.48 of which \$106.70 is principal and \$217.78 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

  
C.K. LeCapelain,  
Chief, Lands Division.

Ottawa, September 27, 1956.

Mr. C. W. Gilchrist,  
Dominion Member,  
Seed Grain Advisory Board.

Re: Account of Leonard Gray  
N<sup>o</sup> 20-24-9-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain, fodder and relief amounting to \$106.70 were advanced to Leonard Gray on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$106.70	\$217.78	\$324.48

Patent was issued in the name of Leonard Gray for the N.E.  $\frac{1}{4}$  and N.W.  $\frac{1}{4}$  20-24-9-W.4th on the 15th of July, 1918, subject to the liens.

This half-section is of very low assessed value (N.E.  $\frac{1}{4}$ , \$320.00 and N.W.  $\frac{1}{4}$ , \$350.00) and has never been revenue producing sufficiently to enable the repayment of the liens. This land is situated in a drought area of the Province which has been subject to many crop failures.

In reply to our questionnaire of the 12th of June, 1952, Mr. J. Thomson of Local Improvement District No. 300, Special Areas, Department of Municipal Affairs, Edmonton, Alberta, advised us that this half-section of land had a present day value of about \$880.00 and that there was an accumulation of \$367.88 arrears of taxes outstanding against the land.

According to an Abstract of Title dated the 31st of January, 1956, the N.W.  $\frac{1}{4}$  20-24-9-W.4th now stands in the name of Leonard Gray of Kimmunity, Alberta, subject to the liens plus a mortgage in favour of the Canadian Bank of Commerce for \$783.50; while the N.E.  $\frac{1}{4}$  20-24-9-W.4th now stands in the name of Her Majesty the Queen in the Right and to the use of Her Province of Alberta, as represented by the Minister of Municipal Affairs, also subject to our liens.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances, it is recommended that the indebtedness be cancelled and the liens discharged.

Mr. Hume;

Fractional P<sub>1</sub> of 27-6-2-W-5th Mer.  
from land A. H. Mount, 1st September, 1908.

Cancellation proceedings were instituted in this case in April last, in connection with which, it would appear, the entrant did not file, as yet, the regular statutory Declaration in defence thereto.

In April last the entrant wrote the Department to the effect that he lived, to June 1909, on purchased land in the vicinity, when he moved to the town of Pincher Creek, where it appears he afterwards resided, but continued to conduct, up to a short time ago, farming operations on the land owned, which land he has since sold, and where he had from 300 to 400 acres under cultivation and from 75 to 200 head of cattle.

He did not claim having done anything on the homestead, other than the erection of a mile of fencing, and referred to the homestead as a flat just above the river level, composed mostly of gravel, very little of which was suitable for farming purposes, that while the said land could be plowed, it would not be good farming to do so, that half of the homestead was chiefly sand hills with heavy nodular brush, with a deep coulee running through it.

He has made application

He has made application on the ground set forth above, that his case receive favourable consideration, and that a patent be issued in his name forthwith.

Before dealing further with his application in this connection, or on the cancellation proceedings pending, a homestead inspector was asked to report, and prior to the receipt of the same, which has now come to hand, Mr Mouat wrote the Department stating that he was on his way to Scotland, his native land, that he would return to his homestead next spring and complete any duties that may be required of him.

According to the report just received, the only residence performed by Mr. Mouat, that could count to his credit, was performed on land in the vicinity, from date of entry to 1st of June 1900, nine months, and that no breaking or improvements, other than one mile of fencing was done on the homestead. Nothing is said of the character of the land, or the area it is possible to break.

It would appear that the question now to be decided is whether the entry is to be cancelled, or Mr. Mouat allowed until next spring within which to commence, in a bona fide manner, the duties required.

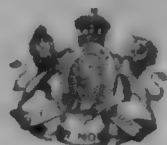

The Deputy Minister, in his memorandum of the 30th of May last, requested that this case be submitted to the Minister, upon the receipt of the report referred to.

Respectfully submitted.

Dear Mr. Quayle,

S.E. 27-6-2-W. 5th M.  
Herman Hollenbeck.  
-----

I return enclosed the letter of Rev. G. Hamilton of Beaver Mines, Alberta, on behalf of the above mentioned settler.

Our file shows that Mr. Hollenbeck's application for patent was made in August, 1916, at which time he stated that he had applied for naturalization. The evidence of duties appears to be satisfactory and we are ready to proceed with the issue of patent on a Certificate of Naturalization being filed here.

The question of issuing this Certificate rests with the Secretary of State, and previous to the 1st January last, rested with the Provincial Courts, so that we are unable to assist Mr. Hollenbeck in any way.

One point which requires attention is that it is alleged that our Homestead Inspector Scott accepted \$3.00 from Mr. Hollenbeck to make out his application for naturalization. This is strictly

contrary

contrary to our rules and we will take the matter up with the Inspector and investigate. If the Inspector forwarded the application for naturalization to the proper authorities it would seem that we are unable to do anything further. If he did not so forward the application, apparently Mr. Hollenbeck should make a new application under the present Naturalization Act.

Yours sincerely,

Deputy Minister.

Beaver Mines, Alberta,  
April 26th, 1918.

Dear Sir,

I wrote Mr. Shaw, M.P., for Macleod about the issue of a patent to H. Hollenbeck, a homesteader a citizen of the United States of nearly eight years residence in this country. Mr. Hollenbeck proved up on his quarter section nearly two years ago to the satisfaction of the Homestead Inspector, Mr. Scott and the Department of the Interior. A suspicion arose in the mind of the Homestead Inspector that Mr. Hollenbeck was a German; and therefore not entitled to the property and various excuses and difficulties were presented to delay the issue of the patent. Mr. Hollenbeck placed himself unreservedly in the hands of the various officials including Judge McNeil of Macleod but has never been able to secure his patent and seems to be as far away as ever from attaining that object. In August, 1916, Mr. Hollenbeck states that he paid Mr. Scott the Homestead Inspector \$3.00 to make application for naturalization as a British subject. Mr. Hollenbeck is quite an ignorant man about 60 years of age. He was born in the state of Wisconsin and cannot procure certificate of birth as there was no such thing as vital statistics 60 years ago in Western United States or anywhere else except church statistics. Anyone who would mistake Mr. Hollenbeck for a German is certainly lacking in discrimination as he is a Western American in every movement and in speech. He has two boys who volunteered, one in 1914 at the outbreak of the war and the other in Dec. 1917. The first is in France and the second son went in a draft that crossed in January, 1918. The family has been as already mentioned about 8 years in the country and have had no connection with Germans except in the minds of officials. This is a case of real injustice and ought to be rectified. Mr. Hollenbeck has no education, a genuine produce of 60 years ago. His Cr. is S.E. Sec. 27, Tp. 6, Range 2, West of the fifth Meridian. What course had best be taken? As you were the representative of Alberta in the Dom. Govt. and a most competent person to handle the matter I thought I would ask what the Govt. will

do in the matter. There is no drawback but his naturalization papers. He claims that he applied for it through Mr. Inspector Scott with a paid fee.

Hoping that justice may be done if even it requires the personal attention of the Com. Govt. It is really too absurd that the unfounded suspicion of any official should prevent a poor man from receiving fair play.

Yours very respectfully,

(3d) G. Hamilton.

Ottawa Lethbridge 13 May 1918

Dear Sir

In reply to your letter of 11 May re my accepting the sum of \$3<sup>00</sup> from Sherman Holenbeck of the S 627-6-2 W 4 M. in connection with an application for naturalization as a British subject.

My answer is that I never accepted the sum of \$3<sup>00</sup> from any person for taking an application for naturalization, and I am satisfied you will find this so if you investigate the complaint.

Up to the time that the Department issued a circular forbidding Inspectors from accepting any fee in connection with applications for naturalization I had been collecting a fee of \$1<sup>00</sup>, but since that time I have never accepted any fee whatever in connection with applications for naturalization and I make the positive statement that I never at any time accepted \$3<sup>00</sup> from any person in connection with an application for naturalization.

In reference to yours of the 7th instant, file No. 1684298, regarding a certain charge made against Homestead Inspector Hugh Scott of the Lethbridge Agency in connection with taking application for naturalization, I beg to say I took this matter up with Mr. Scott and I am enclosing you a letter I have just received from him explaining the situation. You will see by this letter that he distinctly denies ever accepting \$3.00 from any person in connection with naturalization. He admits that he had been in the habit of collecting a fee of \$1.00 up to the time the Department issued a circular forbidding the Homestead Inspectors accepting any fee in this connection.

Mr. Hollenbeck made application  
for patent for his homestead on the 14th of  
August, 1914, and according to the evidence  
produced had performed the necessary residence  
and cultivation duties.

The application was held up pending  
the receipt of the homesteader's certificate  
of naturalization as a British subject.

Please see the letter of Mr. G.  
Hamilton, of the 25th of April, last, addressed  
to the Honourable A. L. Duffin, Minister of  
Customs, in which Mr. Hamilton stated that Mr.  
Hollenbeck informed him that he paid to Mr. Scott  
the Homestead Inspector \$3.00 to make  
application for naturalization as a British subject.  
The matter was placed in the hands of Mr. Cattle

A letter has now been received from  
Mr. Cattle enclosing a letter from the Homestead  
Inspector in which the latter stated that he  
never received the sum of \$3.00 from any person  
when taking an application for naturalization,  
that up to the time the Department issued a circular  
prohibiting an inspector from accepting any fee in  
connection with applications for naturalization,  
he had been collecting a fee of \$1.00 but since  
that time he had never accepted any fee whatever in

ORIGINALLY ADMIRALTY AND RAILWAY LANDS BRANCH.

Ottawa 11th September, 1923.

MEMORANDUM:

Mr. Dunne,  
Deputy Commissioner,  
Dominion Lands.

Enclosed is a list of quarter sections in the land subsidy of the Calgary and Edmonton Railway which contain land areas that have dried off since the patent for the original dry land area was issued to the Railway Company or its nominee.

The acreage of the dried off portion was obtained from our records and from information supplied by the Topographical Surveys Branch, on Township plans. These townships plans are available to your Branch if you require them.

These lands in the list which are marked "X" were clear in all Branches of the Department and have been held by the Land Agents for Railway Subsidy purposes, but the Railway Company have not accepted them. Copies of letters dated 11th September addressed to the Land Agents in respect to these areas are herewith.

The other lands, not marked "X", are also clear. They were not considered suitable for offering to the Railway Company.

The disposition of these lands is hereby transferred to your Branch with a view to their being sold or otherwise dealt with to the advantage of the Department.

Re: Account of H. Hollenbach,  
S.R. 27-6-2-W5.

Dear Sir:

During the years 1915 and 1920 while homesteading the above mentioned land, Mr. H. Hollenbach received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$513.78 of which \$153.65 is principal and \$360.13 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

RE: S.E. 27-6-2-W.5th

We have your letter of the 18th of March, 1956, informing us that you would like to clear the Dominion Liens registered against the above land in the name of your father Herman Hollenbach but that you are not in very good financial circumstances. After reviewing our file and taking into consideration the information which you have given us in your letter, we believe that the Seed Grain Advisory Board will be willing to grant a substantial reduction in this old debt.

In order to assist you in clearing your title, if you will remit the sum of \$76.82, representing one half of the principal amount, within a reasonable time, it will be recommended to the Board that this sum be accepted in full settlement of the Federal account. Your cheque or money order should be made payable to the Receiver General of Canada and forwarded in care of the undersigned.

Re: Account of Herman Hollenbeck  
S.E. 27-6-2-W.5th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 and 1920 seed grain, fodder and relief amounting to \$153.65 were advanced to H. Hollenbeck on the security of the above described land. No payment was ever made on this indebtedness until the sum of \$76.82 was received when the standing of the account was:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$153.65	\$360.13	\$513.78

In reply to our recent inquiry concerning the Federal indebtedness charged against this land, Mr. Earl Hollenbeck, Beaver Mines, Alberta, on the 18th of March, 1956, wrote:-

"Herman Hollenbeck died in 1934. I am Herman Hollenbeck's son and I bought this land from my father in 1933 I registered agreement of sale.

The value of the land is not as high as you have charged against it, I'll enclose Tax Notice for last year, you will not need to return it.

Will you please bring this debt against this land up with the Seed Grain Advisory Board & try & have it reduced as I want to pay this off and get the title. Awaiting your reply so I can get started to pay it. Thanking you for the letter."

According to information received from the Secretary-Treasurer of the Municipal District No. 9, Pincher Creek, Alberta, on the 7th of October, 1952, the assessed value of this quarter-section was \$330.00. Mr. Hollenbeck forwarded his 1955 tax notice, and the assessed value is still the same. The year's taxes being \$24.17 for the land only.

After negotiations the sum of \$76.82 representing one half the principal has been received in full settlement of our account. Under the circumstances and in view of the low value of the land, this is considered equitable.

The attached report, with recommendations of the Chief Collector of the Collection Branch, Department of Municipal Affairs, dated January 23rd, 1956, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable and it is desirable that it be accepted.

BOARD ORDER

No. 11305

Dear Sirs:

Re: Section 5-16-1-W. 4th Mer.,  
Andrew Stockman,  
Joint Relief Advances.

The above named party obtained the following  
Joint Relief Advances for which liens were registered against the  
Titles to the lands described above.

March 29th, 1920,	_____	\$226.69
April 23rd, 1921,	_____	49.95
		<u>276.64</u>
Interest to 31/3/55	_____	481.11
		<u>757.75</u>
Payments	_____	175.34
		<u>\$582.41</u>

The debtor is now deceased and there was no  
will but by mutual arrangement among the four daughters the pro-  
ceeds from the farm would go to the widow whose age is seventy-  
two and she is crippled. The farm is being operated under the  
terms of the lease which has not yet expired and due to her phy-  
sical condition the widow requires the full proceeds of the farm  
for her maintenance.

An offer of One Hundred and Twenty-Five dollars  
(\$125.00) as full settlement was received last August but I did  
not consider that this would be a sufficient amount toward a recom-  
mendation and so advised the Solicitor. The offer was raised to  
Two Hundred and Fifty dollars (\$250.00) and this amount was received  
on October 20th last. Upon reviewing the statement set out above,

(con't on Page 2)

(2)

I would consider that the present payment of Two Hundred and Fifty dollars (\$250.00) as added to amounts previously paid should be considered satisfactory under the circumstances and I would recommend that same be accepted. I would further recommend that upon application being made of the said payment of Two Hundred and Fifty dollars (\$250.00) the account be adjusted so that it will stand paid in full and that the liens be released at the Land Titles Office.

Straight Provincial Seed Grain in the amount of Four Hundred and Thirty dollars and Forty-Three cents (\$430.43) principal has already been cancelled together with accrued interest.

Yours very truly,

S. Charms,  
CHIEF COLLECTOR.

Dear Sir

In reply to your letter of Jan 7th would say that it will be impossible for me to make a payment on that seed grain for S.E.  $\frac{1}{4}$  1-11-15, W. 4th, in the near future, as I have been kept poor, paying taxes, and supplying seed grain on that, and other property around town, and getting no returns. I have had two tenants on the south  $\frac{1}{2}$  11-15, during the past seven years, and they have both left the place broke, and it has almost broken me. Trying to keep things going. I have no tenant on the place now and it seems impossible to get one, and nearly everyone has abandoned that neighborhood. However I have not lost faith in it.

and believe it will come back, but whether I can find money enough to hang on until that time is another question. I certainly see no prospects of being able to pay anything on that seed grain this year as things here in Coleman are about as bad at the present time as they can very well be. with the men working only about one day per week

It may be possible for me to pay something next fall, but the prospects at the present time are not looking very bright

Re: Account of Geo. R. Powell,  
S.E. 1/4 3-11-15-W4.

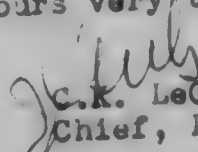

Dear Sir:

During the year 1911 while homesteading the above mentioned land, Mr. Geo. R. Powell received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$507.16 of which \$155.00 is principal and \$352.16 is interest.

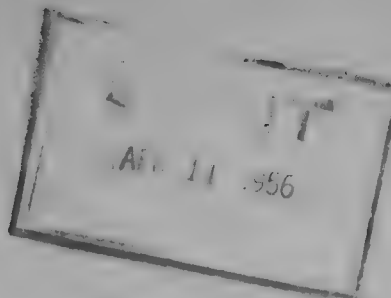

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

Dear Sir:

RE: S.E. 3-11-15-W.4th

We have your letter of the 24th of March, 1956, informing us of the extenuating circumstances which you believe warrant a reduction in the account of George R. Powell charged against the above land.

You have also stated that although you are short of money at the present time, that you are willing to make every effort to make a payment on this debt. We believe that the Seed Grain Advisory Board will give favourable consideration to granting a reduction in this case.

In order to assist you in clearing your title, if you will remit the sum of \$77.50, representing one half the principal, it will be recommended to the Board that the balance of the indebtedness be cancelled. Your cheque or money order should be made payable to the Receiver General of Canada and forwarded in care of the undersigned.

RE: Account of George R. Powell  
S.R. 3-11-15-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1911 seed grain in the amount of \$155.00 was advanced to George R. Powell on the security of the above described land. No payment was ever made on this indebtedness until the sum of \$77.50 was received when the standing of the account was:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$155.00	\$352.16	\$507.16

In reply to our recent enquiry concerning the Federal indebtedness charged against this land, Mr. George E. Angleson, Taber, Alberta, on the 24th of March, 1956, wrote as follows:

"Received letter of Feb. 23 re above account. I obtained this land from my father in 1949 in a settlement of back wages for a number of years. My father who has since passed away had it leased from M.D. of Eureka No. 14 for a good many years mostly for pasture before agreeing to purchase it for back taxes, and completed agreement at time of transferring it to me. Said land was more or less abandoned in the 1920's most all settlers moved away, at the time of obtaining title I was given the impression that such liens were canceled, but as such is not so, must leave the settlement up to the board. I am short of money just now, and have other debts to meet, but if given a little time will make every effort to make a payment on the principle at least."

Information received from the Secretary-Treasurer of the R.M. of Eureka, No. 14, Taber, Alberta, on the 4th of May, 1951, has indicated that the assessed value of this quarter-section was only \$340.00.

After negotiations the sum of \$77.50 representing one-half the principal has been received in full settlement of our account. Under the circumstances and in view of the low value of the land, this is considered equitable.

Sir:

I am inclosing herewith a declaration from Mr. H. L. Penny, which he has submitted in defence of the cancellation proceedings taken against his entries on the West Half of 24-34-4 West of 4th. Meridian. I might say in this connection that Mr. Penny called to see me personally and represented to me that he was about to be retired from his position with the Canadian Pacific Railway Company as general auditor, but that he had been asked to ~~return to~~ the service of the company for a few months in order to finish some uncompleted routine business and that this had prevented him taking a permanent residence on his land.

In view of this information will you kindly deal as liberally as possible with him in the way of granting him protection until he is able to take up permanent residence on his homestead.

I am directed to advise you that it has been decided by the Department to protect your homestead and pre-emption entries on the west half of section 14- 34- 4, west of the Fourth Meridian, until the 8th of January next, which is one year from the date of your entry and as long a time as protection can be granted under the Act where no residence duties have been performed. It will therefore be necessary for you to satisfy me by the date mentioned that you are in bona fide occupation of your land with the intention of carrying on your settlement duties in a bona fide manner. The outstanding cancellation proceedings are being held over in the meantime.

MEMORANDUM:

W. 1 of 14--34--4--W. 4th M.  
Hd. & Pre. Henry L. Penny -  
8th January, 1913.  
-----

Cancellation proceedings were  
instituted on the 26th ~~January~~, 1913, on  
behalf of Paul Flegal.

Defence showed no duties to have  
been performed.

As he claimed to be employed by  
the Canadian Pacific Railway Company and  
that his retirement from said Company had  
been postponed in order that he might  
complete certain work, the proceedings were  
held over until the 8th January last, when  
one year expired from the date of his  
entry.

It is now represented that the  
Railway Company will probably require the  
services of Mr. Penny until next fall, and  
it is asked on his behalf that his entries  
be protected in the meantime.

Homestead entry of ..... of .....

Date of entry ..... of .....

I beg to call your attention to the fact that this entry is now over five years old. Please take ordinary cancellation proceedings at once on the ground of failure to apply for patent and at the same time instruct a Homestead Inspector to report.

If no defence is filed and if the Inspector's report shows no duties performed, you may at the end of the sixty days and on receipt of the required report, carry out cancellation if aware of no reason to the contrary, dealing with the land and reporting your action here in the usual way.

In all other cases where a defence is filed or where the Inspector's report shows any duties performed, you should refer here before cancelling.

In every case the Inspector should give full information as to the nature of the land, using the blanks provided in the form of report for that purpose. The fullest possible information should be given in regard to duties and improvements.

Inspectors should make careful enquiry to find out whether the entrant may possibly be on military service or may be a returned soldier.

In any case where there is some special condition existing which would render it advisable not to dispose of the land in the ordinary way under entry to settlement, the report should contain full particulars and the matter should be referred here before any action is taken.

A copy of any letter or form issued by you should be sent here to complete Head Office record.

Re Wt 14-34-4-w4M

I beg to draw your attention to your account to this Department for seed grain advances on the security of the above land. A Seed Grain collector's report recently received shows that the land has been uncultivated and uncultivated for the last two years, and as part of this indebtedness has been outstanding since 1915, it will be necessary to make at least a substantial payment of this account. I wish to have your statement setting forth your intentions in this regard.

The amount of the 31st March last stood at \$414.54 including both principal and interest, and to this should be added interest at the rate of 5% from the date mentioned to the principal sum of \$106.90 and at the rate of 7% from the date mentioned to the principal sum of \$208.82.

Sir:

Referring to the last report made by one of our Inspectors it appears that the Municipality intended taking title to the N.W. 1/4, and that they were offering the house and stable situated on this land for sale.

In view of these facts I beg to advise that in 1912 and 1919 the land in question was encumbered by the former owner for seed grain, fodder and relief valued at \$494.40 - interest computed to the 31st March last - properly registered against title.

Kindly, therefore, advise as to your intentions regarding settlement of the account, which should be made direct to this office or to the Agent of Dominion Lands at Calgary.

There is still outstanding a considerable balance on the seed grain indebtedness incurred by you in 1916 as well as indebtedness incurred in 1919. The land is fairly level with sandy blowouts and just fair agricultural land, estimated value, \$3.00 per acre. This quarter section was purchased at a Tax Sale on 12th November last for \$26.00, by one J. A. Pell.

A report as to the south west quarter states no improvements and the land to be slightly rolling, although 150 acres could be ploughed, same is too sandy for agricultural purposes and estimated value is \$3.00 per acre.

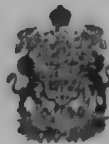

In reply to a communication addressed to the Secretary-treasurer of the Municipal District of Stewart on 10th June last, he answers as follows:

" In reply to your letter of the 10th ult., I beg to say that we are offering the above land for sale on Aug. 16 next, under the provisions of the Tax Recovery Act.

" This is a very poor piece of land and is only fit for grazing and I expect we will not receive a bid for it at the sale. I note that your claim amounts to nearly \$300.00 and the arrears of taxes are \$772.60.

Dear Sir,

I beg to enclose herewith a statement prepared by the Financial Controller showing the amount due in connection with indebtedness incurred by H. L. Penny, on the security of the NW<sup>1</sup><sub>4</sub>-14-34-4-W.4th.

You will observe from the statement that the liens in question attached to patent and are registered as a first charge against the NW<sup>1</sup><sub>4</sub>, also that Penny's entry for the pre-emption quarter-section has been cancelled, and that the Municipality who obtained the homestead under the Arrears of Taxes Act, has sold the buildings for a considerable sum.

Apparently this is a case in connection with which an apportionment should be made, and I would be pleased if you would have the matter dealt with by your Board and let me have their report.

Re: Account of H.L. Penny,  
N.W. 14-34-4-W4.

Dear Sir:

During the years 1915 and 1919 while homesteading the above mentioned land, Mr. H.L. Penny received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$1,215.14 of which \$315.75 is principal and \$899.39 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

Re: Account of H.L. Penny  
W<sup>1</sup> 14-34-4-4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 and 1919 seed grain amounting to \$413.60 was advanced to H.L. Penny on the security of the above mentioned land. Payments of \$104.93 and \$15.00 were received in 1915 and 1927, respectively, and applied to the principal and interest. The present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$315.75	\$899.39	\$1,215.14

Patent was issued in the name of Henry Lee Penny for the N.W. $\frac{1}{4}$  14-34-4-4 on the 9th of December 1919, subject to the liens. The S.W. $\frac{1}{4}$  14-34-4-4 was formerly the pre-emption entry of the debtor whose entry was cancelled on the 11th of November 1926, and the land is still unalienated Crown land held in the right of the Province.

This half-section of land is of very low assessed value (\$480.00) and has never been revenue producing sufficiently to enable the repayment of the liens. The land is described as slightly rolling, in a semi-arid area too sandy for agricultural purposes, and suitable only for grazing.

In reply to our questionnaire of the 26th of November 1953, The Director of Assessments, Department of Municipal Affairs, Edmonton, Alberta, advised that the N.W. $\frac{1}{4}$  14-34-4-4 was now assessed in the name of J.W. Pell of Ki rismuir, Alberta, and had a present day value of only \$480.00; while the S.W. $\frac{1}{4}$  14-34-4-4 was unalienated Crown land, occupied at present under a grazing lease and that this land is situated in that part of the Province designated Special Areas, in view of which fact there is little likelihood of sale ever being made of same.

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security of value for our liens. Under the circumstances it is recommended that the balance of the indebtedness be cancelled and the liens discharged.

This office has record of the seed grain indebtedness of Orvel Ellis, in the respective amounts of \$52.30; \$36.00 and \$280.80. It is understood that liens for \$36.00 and \$280.80 were given by this lienor on the security of the SW 12-26-29-w3M.

As there does not appear to be an account in the new seed grain ledger covering this indebtedness, I would ask you to be good enough to advise with reference thereto.

It will be observed that in the case of the registration of the lien for \$316.80 this is evidently a combination of the seed grain lien of \$280.80 and the relief lien of \$36.00, the latter evidently being registered in duplicate.

Yr. Ref. File No. 22047.

I beg to acknowledge receipt of your communication of the 25th ultimo relative to the Departmental statement of the 31st March, 1929, in connection with the Seed Grain indebtedness incurred by Orval Ellis and held as a charge against the lands above described.

With regards to the H.I. 12-24-1 H.4th H. quoted in that statement it appears from the records that this quarter is a second homestead of the licensee, Orval Ellis, made under date the 19th October, 1928 which was formerly held by one Robert L. Barker whose entry thereto was cancelled in 1924. There is no Homestead Inspector's report on file in connection with this quarter nor any record of any Federal Seed Grain, Fodder or Relief indebtedness incurred by the former entrant.

Further, kindly be referred to my statement bearing date the 7th November, 1928, regarding your investigation for an adjustment of the indebtedness of Orval Ellis. I beg to furnish you with further information with regards to the U.I. 12-26-29 H. 3rd H. which was formerly the pre-emption of Orval Ellis and, as previously stated in that statement, his entry thereto was cancelled in January 1927. Further, it appears that he subsequently made application for the same quarter as a grazing lease for a twenty-one year term which was granted him May 1st, 1929 and he made a payment of \$100.00 which was duly applied to the credit of his Seed Grain, Fodder and Relief indebtedness which now stands as follows:-

This Department has an old account against the above noted land for advances of relief, fodder and seed grain to Orval Ellis in 1915. We are anxious to bring our records up-to-date and if possible to settle this long outstanding account. It would assist us greatly if you would be kind enough to complete the attached form.

An addressed envelope which does not require a stamp is enclosed for this purpose.

Yours very truly,

Encl.

Dear Sir:

Re: H.W. 12-24-29-H.3rd;  
H. 24 & H. 12-24-1-H.4.

We have received an inquiry from Messrs. McCormick & McCormick, Barristers, Lacombe, Alberta, concerning a Dominion lien for \$52.30 charged against the above land in the name of Orval Ellis.

We are sending you a copy of this letter as well as a statement of the outstanding indebtedness of Orval Ellis as of the 31st of March, 1953.

In view of the fact that most of the estate is in the province of Alberta we should appreciate it if you would investigate this case and, if possible, arrange a settlement with the solicitors.

Yours very truly,

We have your letter of the 12th of January, 1954, informing us that there is a Dominion lien for \$52.30 registered against the above land in the name of Orval Ellis and asking the least amount required to satisfy our claim.

In reply we might say that we are investigating this account and you will be advised as to what decision has been reached as to the minimum amount required to settle this indebtedness.

Yours very truly,

Re: ACCOUNT OF ORVAL ELLIS  
M.N. 12-26-29-3  
M.N. 24-24-1-4  
M.N. 13-24-1-4

Dear Sir:

During the year 1915, while homesteading the above mentioned land, Mr. Orval Ellis received Seed Grain, Fodder and Relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$938.86 of which \$329.35 is principal and \$609.51 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate Seed Grain, Fodder and Relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

Dear Sir.

Last September I filled on  
North East and North West <sup>Quarter</sup> Section 33  
Township 10 Range 9 I filled on  
this because I want it for a home  
and must improve it if I live  
on it and make a living. As the  
time is near at hand for me  
to go and live on it I find  
that I can not sell my business  
(patent medicine) and I have not  
got the cash to improve the place.  
but some horses to work it with  
and live through the season  
and can not get the money to  
go onto it when my time is up.  
Would it be possible for me

N. S. O.

1817314

To get a six months leave of  
absence. This would give me time  
to earn some money dispose of  
my business and get in my  
collections. Then in the fall  
I could move my family onto  
the place and be prepared to  
live there and improve it. This  
is the only way I can run  
it and make anything to live  
on.

Any information that you  
can give me will be most  
thankfully received as I want to  
keep the place.

*Ottawa* 21st November, 1913.

Sir,

Re N.E. 1/4 sec. 13 Tp. 10-9-4.

It is desired to issue patent in your name for the above land, but as you relinquished 2 acres in the south-east corner thereof for a school site, it would be necessary that reservation for the same be made in the patent. In your relinquishment you do not give any measurements of the 2 acres released.

The Secretary Treasurer of the School District has described the parcel which they desire to acquire as follows:-

Extending 27 rods north from the south-east corner of the north-east quarter of the section and 11 feet and 10 inches west from the said corner.

These dimensions would make a rectangular parcel and would contain only Twelve hundredths of an acre. Apparently the width given must be erroneous as it is not sufficient to enable a building to be placed thereon.

Will you kindly be good enough to furnish this Department with a description of the land you have released for the school site. In the meantime, the issue of your patent will be withheld pending the receipt of this information.

Arthur R. Pickering, Esq.,

Alberta.

*Ottawa* 21st November, 1913.

Sir,

Referring to your letter of the 18th May, 1911, in which you described a parcel of land chosen by the Trustees of the School District for the location of a school house which you have described as extending 27 rods north from the south-east corner of the north-east quarter of section 13, township 10, range 9, west of the 4th meridian, and extending west from the same corner 11 feet and 10 inches. Apparently there must be some error in one of the measurements, as the 11 feet 10 inches is certainly not sufficient to erect a fair sized building upon, and the measurements given above only cover twelve hundredths of an acre. The homesteader gave his consent to the relinquishment of 2 acres.

As it is desired to issue patent to the homesteader reserving thereout the school site, will you be good enough to furnish this Department with fuller information on this subject giving a proper description by metes and bounds of the parcel the school district require, at as early a date as possible, in order that there may not be any great delay in the issue of the patent.

Homestead entry of J. L. Harlet

Date of entry 16th April 1914.

I beg to call your attention to the fact that this entry is now over five years old. Please take ordinary cancellation proceedings at once on Form 334 on the ground of failure to apply for patent.

Form 333 and the leaflet entitled "Applications for Patent by Persons who are Debarred by Law from Securing Naturalization" should accompany your notice to the entrant on Form 334.

If the entrant files a defence or an application for patent, the same should be referred to Head Office, together with any evidence submitted by the applicant regarding naturalization or application made by him for a Certificate in Form K.

On the expiry of 60 days from the date of your notice, if the entrant has not been heard from, an Inspector's report should be ordered.

The Inspector should give full information as to the nature of the land, using the blanks provided in the form of report for that purpose. The fullest possible information should be given in regard to duties and improvements. In case of a pre-emption, it will be necessary to report on the appurtenant homestead as well.

If there is some special condition existing which would render it advisable not to dispose of the land in the ordinary way, the report should contain full particulars.

When you receive the Inspector's report you should forward it at once to Head Office for consideration.

Sir,-

N.W. 1/4 of Sec. 16 Tp. 51 Rge 4 West 5th Mer.  
**ENCUMBERED SEED GRAIN**

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

**SECURED ENTRY ON**

All liens against unpatented Dominion lands must be taken in triplicate. The full name of the applicant and correct post office should be given.

Where the applicant is the holder of unpatented Dominion land and is also the registered owner of patented land, you will correctly describe in the space provided the patented land, of which he is the registered owner.

Sir,

S.E. 1/4-3-12-W.4th Meridian.

*Assistant Secretary*

I beg to acknowledge the receipt of your letter of the 22nd ultimo which was forwarded here by the Agent of Dominion Lands, Lethbridge, in connection with your preemption, the above described quarter-section.

According to the Homestead Inspector's report which is on file, it would appear that you are in a position to make an application for Letters Patent for this quarter-section, and noting that cancellation proceedings are outstanding I am to impress upon you the advisability of appearing with your two witnesses before the Agent aforesaid or Sub-Agent within the District within a period of at least sixty days from this date for the purpose of making application for Letters Patent for this quarter-section.

If when making application for patent you are unable to complete the payments in connection with your entry you may apply for a certificate of recommendation, which certificate while in force would permit you to mortgage or sell this land with a view of paying off your indebtedness.

You should distinctly understand, however, that in the event of this certificate being issued and you subsequently mortgage or sell this land, any indebtedness to the Department will be first charged on such transaction and it will be necessary for you to secure sufficient cash to pay off such indebtedness in full.

Your obedient servant,

Mark Toltenko, Esq.,

OTTAWA,

In addition to their representations it must be noted that our claims, constituting Relief advances approximating \$131.00, with interest from 1911, will on foreclosure proceedings be automatically dropped from the title.

On the other hand it should be noted that upon perusal of the Mortgage Sale Poster it would appear that the buildings are on the patented quarter and that the same has been leased during 1923 to W. P. Bye, which evidences the fact that the lienor has not been in occupation.

The pre-emption file shows that Certificate of Recommendation expired on the 23rd ultimo, also that there is still outstanding as on the 1st inst. the sum of \$761.19 against the purchase price of the same.

Kindly advise as to what action you wish taken in connection with the request made by Messrs. Thomson & Jackson.

MEMORANDUM

Mr. Hill:-

Re N.E.4-3-12-4 - Patented homestead  
S.E.4-3-12-4 - Unpatented pre-emption.

In 1915 Mark Zoltenko incurred the following Seed Grain, Fodder and Relief indebtedness on the security of the above described lands.

		Seed Grain.....	\$219.15
Int.	5% from	22-2-15 to date of payment.	
		Relief.....	\$ 20.00
Int.	5% from	19-4-15 to date of payment.	
		Fodder & Relief.....	\$ 89.10
Int.	5% from	6-3-15 to date of payment.	
		Relief.....	\$ 10.00
Int.	5% from	1-11-15 to date of payment.	
		Fodder & Relief.....	\$111.00
Int.	5% from	1-10-15 to date of payment.	

This indebtedness is registered against title to his patented homestead, the N.E.4, subsequent to a mortgage held by the Great West Life Assurance Company, on the strength of which foreclosure proceedings are being taken by their solicitors, Messrs. Thomson & Jackson of Pincher Creek, Alta.

Those gentlemen in a communication dated the 1st ultimo hereunder advise that the claim of the Great West Life Assurance Company under the mortgage in question amounts to \$928.11 as on July 23rd last, and that a fair appraisal of the quarter-section involved shows a value of not more than \$1000.00.

They further state that the added costs of foreclosure proceedings will bring their claim to approximately \$1200.00.

Our claim as on December 1st next will amount to: Principal \$479.25, Interest \$205.16, Total \$684.40.

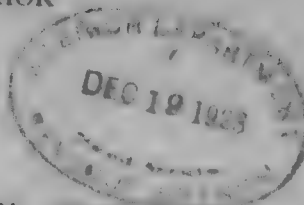

Messrs. Thomson & Jackson in their communication above referred to point out the adverse position in which the Mortgage Company is placed owing to the fact that should they have to pay this Department's claim in full plus the cost of foreclosure proceedings, they would be simply obtaining title to the land and collecting the Government's indebtedness. They, therefore, request that this Department accept in full payment thereof one-half the amount of our claim.

MEMORANDUM

W. W. Cory, Esq., C. M. G.,  
Deputy Minister of the Interior.

Referring to Mr. Hogan's memorandum hereunder, relative to the request of Messrs. Thomson & Jackson of Pincher Creek, Alberta, for an apportionment of the 1915 indebtedness outstanding against the above described land, in addition to the liens mentioned by Mr. Hogan, there are four provincial liens for fodder and relief totalling \$463.25, for which our only security is the S.E. 4-3-12 W.4th. Mr. Zoltenko has made some small payments on the Provincial liens, but has reduced the principal very little.

The total of the liens taking priority over the mortgage of the Great West Life Assurance Company is \$348.25, which, with interest added, would be a charge of about \$500.00. No doubt, if the quarter can only be sold for \$1,000.00, the loss of the Mortgage Company will be heavy. On the other hand, we have against the pre-emption, in addition to the balance due on purchase price, a principal amount of \$463.25, approximately, interest having been paid and a small amount on principal, and the relief liens, \$131.00 and interest. The charge is very heavy for unpatented land, and will, possibly, be an ultimate loss to the Department. Under the circumstances

- I do not -

I do not think the Department is in a position to consider an apportionment, and would recommend that Messrs. Thomson & Jackson be advised that owing to the heavy indebtedness charging solely against the pre-emption, the Department is unable to make an apportionment in this case, and it will be necessary for them to pay the full amount of the seed grain and fodder liens.

Respectfully submitted,

P. MARCHAND

Financial Controller.

Gentlemen:-

Re R.F.I. 4-3-12 742.

Further to my communication to you dated 8th ultimo, in answer to yours of October 1st, requesting an apportionment of the indebtedness registered against the above described land, I beg to inform you that owing to the large amount of the indebtedness outstanding against Mark Soltenke and the R.F.I. 4-3-12 742, the Department does not consider it advisable to grant an apportionment at the present time.

I am however instructed to inform you that providing this land is sold and the Great West Life Assurance Company are compelled to assume a loss the Department will then consider an apportionment of such loss upon receipt of a certified itemized statement of their claim.

In reply to your letter of the 13th instant I beg to say that Mr. Hodgson's entry was cancelled in the records here on the 24th October, 1927, and the quarter-section was then reserved pending its sale to the New West Irrigation District. The sale was, however, not made prior to the transfer of the natural resources due to Seed Grain and Fodder indebtedness registered against the land.

As the quarter-section was reserved for sale to the New West Irrigation District at the time of the transfer of the natural resources the file will now be forwarded to your Department through our Agent of Dominion Lands at Edmonton.

Dear Sir:-

Re: S.E. 17-14-16-#4. ✓

This Department has an old account against the above noted land for advances of seed grain, relief and fodder to C.A. Hodgson in 1915. We are anxious to bring our records up-to-date and if possible to settle this long outstanding account. It would assist us greatly if you would be kind enough to complete the attached form.

An addressed envelope which does not require a stamp is enclosed for this purpose.

RE: Account of Charles Alfred Hodgson  
S.E.  $\frac{1}{4}$  17-14-16-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain, fodder and relief amounting to \$580.80 were advanced to Charles Alfred Hodgson on the security of the above mentioned land. A payment of \$200.00 was received in 1917 and applied to the principal and interest. The present standing of this account is:

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$400.01	\$820.43	\$1,220.44

The S.E.  $\frac{1}{4}$  17-14-16-W.4th was formerly the homestead entry of the debtor whose entry was cancelled on the 24th of October, 1927.

According to an Abstract of Title dated the 17th of February, 1956, this quarter section of land now stands in the name of a Mr. Steve Petock of Vauxhall, Alberta, clear of any encumbrance.

As the liens are not registered against the land and there is no further security for our advances, it is recommended that the balance of the indebtedness be cancelled.

  
W.J. Taylor.

Ottawa, 13 March, 1956.

The undersigned member of the Seed Grain Advisory Board, having taken into consideration the attached report, approves the settlement outlined therein and does hereby recommend:-

1. That the indebtedness, which is more particularly described in the attached report, be cancelled without the requirement of any payment.

DATE NOV. 25/43

We have had a recent inspection of this land made and the outside value placed on the property by the Inspector is \$1,000.00. He has also called attention to the fact that very little land is at present changing hands in the district.

The matter has recently been reviewed by our Board and it is recognized that abandonment appears to be the only solution unless possibly foreclosure could be carried through in such a way as to provide some small salvage on our heavy loss. If taxes were to be paid at once, we believe that a clearance could be obtained from the Municipality for a sum in the neighborhood of approximately \$465.00. Foreclosure, which is a matter of considerable difficulty and great expense in Alberta might be completed by an expenditure in the neighbourhood of \$200.00. A commission on a resale of the property at \$1,000.00 would amount to \$50.00. Acquisition of Title would therefore involve an immediate disbursement of approximately \$665.00, entirely apart from any payment which might be necessary for us to make to your Department in order to obtain a withdrawal of the seed grain lien.

In view of all the circumstances, we would like to know as to whether you would be prepared to accept settlement of this indebtedness for the sum of say, \$100.00. On the basis of the above mentioned figure, it will be noted that this would leave a margin of approximately \$185.00 to be realized in the event of our being able to dispose of the property at a sale price of \$1,000.00. In considering this matter we would ask you to please bear in mind that in the first place we are faced with the necessity of making an extremely heavy outlay and in the second place it might be a considerable length of time before we could find a purchaser for the property.

The Municipality are pressing for immediate settlement and have threatened to take Title unless the matter is dealt with at once. Under these circumstances, we will appreciate receiving a reply to this letter at your very earliest convenience.

Yours truly,

Dear Sir:

Re - Loan 55618 -  
M.W. 12-34-17 W. 4th M.  
David Wm. Don .....

The following letter from The Manager, Mortgage  
Company of Canada, Winnipeg, Man., has just been received.

"The present registered indebtedness outstanding against  
the above property is approximately as follows:

Company's 1st Mortgage (Original Loan 1912 - \$1,200.00)

Principal -	\$ 1,210.50	
Int. arrears as		
at July 1/43.	3,924.01	\$ 5,134.51

Dominion Seed Grain Lien	225.00	(plus Int. at 5% from April 5/1915.)
--------------------------	--------	--

Second & Third Mortgages in favor of Bk. of Hamilton (taken over by Canadian Bk. of Commerce)	2,200.00
--	----------

Fourth Mortgage in favor of Canadian Bk. of Commerce	1,709.90
---	----------

Notification under Tax Re- covery Act, 1929, registered by Municipal District of Success.	634.04
	<u>\$ 9,903.45</u>

We have had a recent inspection of this land made and the out-  
side value placed on the property by the Inspector is \$1,000.00.  
He has also called attention to the fact that very little land  
is at present changing hands in the district.

The matter has recently been reviewed by our Board  
and it is recognized that abandonment appears to be the only  
solution unless possibly foreclosure could be carried through  
in such a way as to provide some small salvage on our heavy loss.  
If taxes were to be paid at once, we believe that a clearance  
could be obtained from the Municipality for a sum in the neigh-  
borhood of approximately \$465.00. Foreclosure, which is a mat-  
ter of considerable difficulty and great expense in Alberta might  
be completed by an expenditure in the neighborhood of \$200.00.  
commission on a resale of the property of \$1,000.00 would  
be to \$50.00. Acquisition of Title would therefore involve

lined'

immediate disbursement of approximately \$665.00, entirely apart from any payment which might be necessary for us to make to your Department in order to obtain a withdrawal of the seed grain lien.

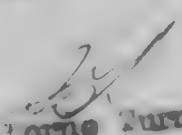

In view of all the circumstances, we would like to know as to whether you would be prepared to accept settlement of this indebtedness for the sum of say, \$100.00. On the basis of the above mentioned figure, it will be noted that this would leave a margin of approximately \$185.00 to be realized in the event of our being able to dispose of the property at a sale price of \$1,000.00. In considering this matter we would ask you to please bear in mind that in the first place we are faced with the necessity of making an extremely heavy outlay and in the second place it might be a considerable length of time before we could find a purchaser for the property.

The Municipality are pressing for immediate settlement and have threatened to take title unless the matter is dealt with at once. Under these circumstances, we will appreciate receiving a reply to this letter at your very earliest convenience."

A statement of the account is enclosed.

Please let me have your report and recommendation.

Yours very truly,

Dear Sir:

Re: N. T. 12-34-17-West 4th Meridian.  
David W. Don, Dominion Lien.

In the year 1915 this party obtained an advance from the Dominion Government for Seed Grain in a sum of two hundred and twenty-five dollars and fifteen cents (\$225.15) against which one small repayment was made in 1922 of nine dollars and forty-five cents (\$9.45) leaving a balance outstanding as at December 31st, 1943, of five hundred and thirty-nine dollars and twenty cents (\$539.20).

As security for this advance a lien appears on title to the above described property. It is, however, also used to a mortgage in favour of the Mortgage Company of Canada dated 15th of June 1912 in a sum of one thousand two hundred dollars (\$1,200.00), whilst there are also two registrations by the Bank of Hamilton and Canadian Commercial Bank registered in 1921, 1922 and 1924, also a Recovery notification registered by the Municipal Council of Success.

The Mortgage Company of Canada had made application for a compromise settlement of the indebtedness under the mortgage and has offered to pay to the Department of Mines a sum of one hundred dollars (\$100.00) as a contribution for the discharge of this encumbrance. In support of their application the first mortgagee states that in the opinion of their Inspector the outstanding value of this property is one thousand dollars (\$1000.00), as at July 1st, 1943, is five thousand one

hundred and thirty-four dollars and fifty-one cents (\$1,334.51) of which one thousand two hundred and ten dollars and fifty cents (\$1,210.50) represents principal that in order they may secure some small savings it will be necessary to pay taxes in an approximate sum of four hundred and sixty-five dollars (\$465.00), so to the expense of foreclosure which may cost in the neighborhood of two hundred dollars (\$200.00) and then if they are able to sell the property at the valuation figure of one thousand dollars (\$1,000.00) the amount salvaged by the Company would represent a very small fraction of the original loan.

The records of this office show that the mortgagee made application to the Board of Review under the Farmers' Creditors Arrangement Act but that the Board declined to formulate a proposal.

It is evident that the offer made by the first mortgagee represents pure savings for the Department of M and Resources and I would recommend that one hundred dollars from the M. N. 13-34-17-4 be accepted as consideration for the clearance of the lien from the M. N. 13-34-17-4. It is reported that the S. N. 13-34-17-4 was listed as Provisional land is also held as security for the account and it will not, therefore, be possible to list the balance until some disposition has been made of land.

Re: Account of David Wm. Don, (deceased)  
N.W. 12-34-17-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. David Wm. Don received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of the land cleared. The amount outstanding is \$677.10 of which \$225.15 is principal and \$451.95 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

Re: Account of David Wm. Don  
N.W. 1/2 12 & S.W. 1/2 13-34-17-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain amounting to \$225.15 was advanced to David Wm. Don on the security of the above mentioned land. A payment of \$9.45 was received in 1922 and applied to the interest. The present standing of this account is:-

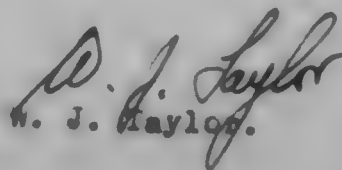

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$225.15	\$451.95	\$677.10

Patent was issued in the name of David William Don for the N.W. 1/2 12-34-17-W.4th on the 13th of April, 1912, the land later becoming subject to the 1915 lien. The S.W. 1/2 13-34-17-W.4th was formerly the pre-emption entry of the debtor whose entry was later cancelled and the land is still Crown land held in the right of the Province.

This half-section of land is not of high assessed value and has never been revenue producing sufficiently to enable the repayment of the lien. The land is situated in that part of the Province where farming has not been carried on with any great success and very little land is changing hands in the district.

In reply to our questionnaire of the 4th of April, 1952, the Secretary-Treasurer of the Municipal District of Settler No. 54 advised us that the N.W. 1/2 12-34-17-W.4th had a present day value of about \$1,000.00 and that there was an accumulation of \$142.93 arrears of taxes outstanding against the land; while the S.W. 1/2 13-34-17-W.4th was still Crown land and was not taxed.

The information obtained indicates that the land is such that it no longer offers any security of value for our lien. Under the circumstances, it is recommended that the indebtedness be cancelled and the lien discharged.

Dear Sir:

Re: N.A. 12 & S.T. 13-34-17-W.4th

We have received a copy of a letter which you addressed to Mr. Cecil Rutherford, Q.C., Barrister and Solicitor, 10836 - 82nd Avenue, Edmonton, Alberta, concerning the Dominion seed grain account of David Wm. Ion charged against the above land.

We note that you have received the sum of \$150.00 as a partial payment on this account and that you have requested Mr. Rutherford to make application for a compromise settlement.

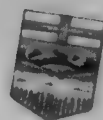

For some time now, we have been trying to clear up these old accounts and where we have felt that there was no likelihood of collecting the debt, the Seed Grain Advisory Board has recommended the cancellation of the indebtedness. In this case we were not aware that you had received any payment and from all the information available to us, the Board believed that this indebtedness should be written off. Its decision was ratified by Order-in-Council P.C. 29-1575 dated the 25th of October, 1956. Under the circumstances, there seems to be no alternative but to refund the \$150.00 to Mr. Rutherford.

We appreciate the amount of work that this settlement has entailed and the inconvenience we have caused you is regretted.

Yours very truly,

Dear Sirs:

RE: Estate of David Don, Deceased -  
N.W. 12-34-17-W.4

We are acting for Mr. Cecil Rutherford, Q.C., who is Executor of the Will of David Don, deceased, and is the registered owner of the above quarter section. There are two old seed grain liens against the title, the particulars of which are as follows:

1. Dated April 5th, 1915; registered March 29th, 1916 as No. 2656 B.N., for \$225.15, with interest at 5%.
2. Dated May 31st, 1916; registered December 27th, 1916 as No. 7641 B.O., for \$225.15, with interest at 5%.

The Executor has sold the land, and in order to give the purchaser a clear title we would like to have the above liens discharged from the title. Would you advise us what you will require in order for the Executor to obtain discharges?

## REMARKS

In August of 1911 I took advantage of the general exemption owing to the failure of crops. I had the necessary papers signed by a Commissioner. It is on file in the Lethbridge Office also. I presume my letters informing the Agent when I took up residence & also when I left, the above acts are as correct as my memory carries me.

Re. Value of other improvements. I scarce can value this for I have 460 trees from Indian land planted also 100 others of my own (Cotton Woods).

As there has been no need for Granaries up till the present time will only be built this Autumn.

Dated July 4th 1911

Mark X in the square representing the month when residence during the entire month has been performed.  
 Mark No. of days in the square representing the month when residence has been performed only during a portion of the month.

I herewith enclose the form sent regarding information re. residential duties, which I trust will fully satisfy the Dept.

I have always when beginning my duties & also when completing them informed the Agent at Ashbridge & Cuch.

As to building making this my permanent home: it is my intention of building a good house. That is the reason why I am experiment with bees & utilizing my present abode for a granary. I have not got around to building yet. (my L)

I have not got around to fence my homestead yet: (my pre. emption is done) it is ~~an~~ an opportunity to continue breaking which I am busy with now.

Yours sincerely  
A. Hamilton

Referring to the defence filed by you on the 17th ultimo, in connection with the application to cancel your preemption entry above described, I beg to point out that while you have apparently fulfilled the residence condition, it cannot be ascertained what amount of cultivation has been done. In answer to question 12 you state that no cultivation has been done on the preemption but make no mention whatever as to whether you have been cultivating your patented homestead, the South-East  $\frac{1}{2}$  adjoining, and before the cancellation proceedings can be disposed of it will be necessary for you to satisfy the Department on that point and a reply from you must be received within the next thirty days.

Dear Sir

while I was in town on Thursday  
I met Mr. Y. E. Longy the <sup>(Traveller)</sup> gentleman who is  
looking after the collection for relief given in  
1915. Last year we in this neighbourhood were in a  
dry spell & our crops were light, this year when  
considering things our prospects were fairly  
bright, just after I had one day's cutting done  
the hail came & utterly destroyed what was  
standing.

Of course Mr Longy was anxious to collect,  
if even it was the interest due, but if I paid  
even this our local school taxes would have to  
be unpaid, so I decided it was better to pay  
the local taxes & let the others go till we are  
more fortunate in securing a crop.

Most of us on this East side of the township  
will have to purchase feed both hay & oats &  
some even seed oats.

I trust therefore you will see the reason  
why this has remained unpaid for so long.

Yours truly

I beg to refer you to your application for patent for your pre-emption, the above described land, which you executed in 1914.

In view of the length of time this application has been outstanding, I am to ask you to advise the Department within 40 days from this date as to whether you are still residing upon and cultivating this land and your patented homestead, the adjoining S.E. 1/4 of this section. You should also state whether you are still the owner of this latter parcel and what your intentions are in regard to completing the payments due upon the above described land.

to do this provided our liens are removed. In view of the fact that the Mortgage Company's claim is prior to ours, and that our claim would be wiped out if foreclosure proceedings were taken, I would ask your consent to this removal.

We have a prior claim on the horses and cattle and we are taking steps to realize on these. We find that the Standard Bank of Canada has a prior claim on the machinery.

Edmonton, Alta. Nov. 18, 1924.

Honorable Chas. Stewart,  
Minister of the Interior,

Dear Sir:-

Re: Andrew Hamilton-deceased.  
S. E. of 13-16-18 W. 4th Meridian.

We are advised by Mr. S. J. Pream, Director under the Debt Adjustment Act, that a short time prior to the death of the above named Andrew Hamilton, he applied for assistance under the Debt Adjustment Act and Mr. Pream is endeavouring to assist Mrs. Hamilton in settling up this estate. The Mortgage Company of Canada, Winnipeg, has a prior mortgage on the S. E. of 13-16-18 W. 4th M. which with interest, taxes etc., amounts to \$1,821.33.

The S. E. of 13-16-18-4 was pre-emption homestead, recommendation for which has been received but patent not issued. It is estimated that the payments due the Department of the Interior, and taxes on this quarter will amount to approximately 1500.00. Our relief account amounts to \$500.95 with interest on same and is covered by the following liens:-

#2357, April 1, 1920,	\$205.00
#2376, Nov. 29, 1921,	22.90
#1335, Jan. 22, 1922,	24.70
#3417, Feb. 18, 1922,	28.00
#4098, Mar. 20, 1922,	124.10
#5360, Mar. 27, 1922,	46.25
#9464, May 31, 1922,	50.00
	<u>500.95</u>

In addition to this we supplied security to the amount of \$504.25. As security for the relief advances we have chattel mortgages on thirteen head of horses, four head of cattle and on machinery. Mr. Pream has suggested to the Mortgage Company that they accept the S. E. of 13-16-18-4 in settlement of their claim, and this Company has agreed

MEMORANDUM

W. W. Cory, Esq., C.M.G.,  
Deputy Minister of the Interior.

Referring to the letter hereunder from the Minister of Agriculture, Edmonton, I beg to state that in addition to the fodder and relief liens mentioned there is 1915 indebtedness outstanding on the above half section to the amount of \$442.68 as to the 31st March, last, of which \$63.00 principal is relief and the balance seed grain and fodder, principal \$231.10.

As the charges for advances under the agreements with the Province of Alberta are subsequent to the mortgage and also subsequent to the 1915 liens, I would recommend that consent be given to the release of same from the S.E. 13-16-18 W. 4th.

Respectfully submitted,

*J. Marchand*

Financial Controller.

MEMORANDUM OF AGREEMENT between the Honourable Arthur Meighen, Minister of the Department of the Interior, on behalf of the Government of the Dominion of Canada, and the Honourable Charles Stewart, Premier, on behalf of the Government of the Province of Alberta, entered into this 23rd day of October, 1919.

WHEREAS the Government of the Dominion of Canada and the Government of the Province of Alberta recognize that a serious situation exists in a portion of the Province of Alberta, owing to the recent severe drought and consequent crop failure, and that the settlers in the areas affected are in many cases in need of certain relief by way of provisions and fuel, as well as fodder for animals.

AND WHEREAS the Governments aforesaid have undertaken to provide such relief to the said needy settlers affected on the terms and in the manner hereafter set forth:

THEREFORE, it is agreed by the said Minister of the Interior and by the said Premier of the Province of Alberta as follows:

- (1) That the Government of the Province of Alberta will undertake the distribution of relief to said settlers whether owning their land or holding the same under entry from the Dominion of Canada and in accordance with their necessities.
- (2) The respective Governments aforesaid will each bear one-half of the amount of such relief and for such purpose the Government of the Dominion of Canada will from time to time and upon the request of the Government of the Province of Alberta pay over to the latter the necessary funds to meet its one-half share of the total amount of relief as provided; it being understood, however, that no part of the expense of the administration in connection with the distribution of such relief is to be paid by the Government of the Dominion of Canada.
- (3) The security of liens taken for relief advances shall be in favour of the Government of the Province of Alberta, except in cases where relief is being extended to settlers upon unpatented lands, in which event the security or liens on such unpatented lands shall be in favour of the Government of the Dominion of Canada.
- (4) If relief is provided by a municipality and the Government of the Province discharges a liability for the actual amount of such relief or part thereof incurred by the guarantee of such municipality, the Government of the Dominion of Canada will pay the Province one-half of the amount paid to discharge such liability and thereafter one-half of any amount collected by the Province in respect of such relief or the security taken therefor shall be paid to the Government of the Dominion of Canada, and where money is collected either by the Government of the Dominion of Canada or by the Government of the Province of Alberta in respect to other advances made under this Agreement, the Government making such collection shall pay one-half of the same to the other Government.
- (5) No discharge or partial discharge should be given of any security except by mutual consent of the Premier of Alberta and the Minister of the Interior or in accordance with the principles to be hereafter mutually agreed to.
- (6) The nature of relief to be distributed and the amount of money to be expended therefor, as well as the evidence of

debt and form of security to be given by the occupants of patented lands, shall be determined by the Province, provided that no lien upon land taken pursuant to this section shall take precedence over any instrument registered prior thereto. In the case of occupants of unpatented land evidences of debt and security shall be taken in favour of the Dominion in such form as may be determined by the Minister of the Interior.

(7) All securities taken for the above purposes shall carry a rate of interest of seven per centum (7%) per annum.

(8) The Minister of the Interior and the Premier of the Province of Alberta will undertake to have an Order-in-Council passed as soon as possible by their respective Governments to ratify the Agreement herewith, and the Minister of the Interior and the Premier of the Province of Alberta will undertake to have their respective Governments pass, at their next session of Parliament, the necessary legislation approving, ratifying and confirming the Order-in-Council and Agreement made for the purposes aforesaid.

IN WITNESS WHEREOF the parties hereto have herunto set their hands the day and year first hereinbefore written.

I have your letter of the 18th instant addressed to the Minister, in which you ask for the consent of this Department to the removal of the following liens from the title to the South East quarter of Section 13, Township 16, Range 18, West of the 4th Meridian:-

\$2257, April 1, 1920,	\$205.00
\$2376, Nov. 29, 1921,	22.90
\$1835, Jan. 22, 1922,	24.70
\$3417, Feb. 18, 1922,	28.00
\$4098, Mar. 20, 1922,	124.10
\$5360, Mar. 27, 1922,	46.25
\$9464, May 31, 1922,	<u>50.00</u>

In reply I may say in view of the fact that if foreclosure proceedings were taken by the Mortgage Company of Canada the liens would automatically be removed, we are agreeable to their discharge insofar as this land is concerned.

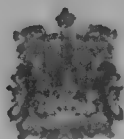

The necessary departmental action for the removal of these liens will be taken in due course.

Re - Andrew Hamilton (deceased)

Your Ref. #74312.72249.

It is noted from the report forwarded with your letter of the 21st September last that Mr. Hamilton is deceased, and I might say that investigation of the title still shows him as registered owner with, however, a caveat registered against title under the Tax Recovery Act by the Department of Municipal Affairs.

No account will, therefore, issue for 1927 in expectation that the land will be eventually acquired for outstanding taxes.

Re - Albert Hamilton.  
N.W. 16-11-25-W. 4th M.

Please see letter hereunder from Messrs. Ballachey, Burnet & Spankie of the 31st March last and subsequent correspondence on this matter, particularly the registrar's letter of the 19th ultimo respecting liens for \$117.30, \$137.80 and \$63.00 registered against the above described land.

The liens in question are evidently registrations of those given by Andrew Hamilton on the security of the E. 1/4 13-16-18-W. 4th M.

In connection with this land it will be noted that Albert Hamilton gave certain liens against the same in 1915 which have since been paid in full and discharged, and at that time, it will be noted from the evidence of the registrar's letter of the December 30, 1916, that David Smith was then the owner of this land, and it appears that Albert Hamilton has apparently recently become owner and the liens given by Andrew Hamilton have become registered against his title through similarity of the initial.

Would you be good enough to forward files after you have finished with the same to Dominion Lands Branch as per their request on file.

Sir,

Re H.P. 16-11-25-7. 4th M.

With reference to your letter of the 19th ultimo, in regard to liens for \$117.30, \$137.80 and \$53.00, respectively, which Messrs. Ballachey, Burnet & Spankie, Barristers, High River, Alberta, allege still cloud the title to the above described land, I beg to say the records here show that these liens were given by one Andrew Hamilton in connection with the H.P. 13-16-18-7. 4th M., and should not cloud the title to the first above described land.

You are, therefore, hereby authorized and requested to remove from the title to the said the H.P. 16-11-25-7. 4th M., the liens in question for \$117.30, \$137.80 and \$53.00, respectively, registered against it.

Messrs. Ballachey, Burnet & Spankie are being advised of this action.

### SECURITY

R. 1-13-16-18-7.4th.

This was the Lience's homestead, patent to which was issued in his name on the 16th February, 1912. Abstract of Title dated the 3rd July, 1926, showed title

- standing -

standing in the Lience's name with the 1916 Liens registered on the 30th June and 26th September, 1916; title being also subject to a first mortgage for \$1000.00 with interest at 6% registered on the 26th October, 1912, in favour of the Mortgage Company of Canada. The Provincial-Federal Liens were removed from title upon representations made to the Provincial Government by the Mortgage Company of Canada in 1925. Notice was received in January, 1928, that this land was subject to forfeiture proceedings for nonpayment of arrears of taxes.

H. 13-16-16-7.4th.

This was the Lience's pre-emption, entry to which was cancelled on the 27th May, 1926. According to information on file the Lience died in 1924. On the 20th ultimo Otto Johnson of Wheat Centre, Alta., obtained entry for this quarter as a second homestead, executing the customary agreement to assume the seed grain, fodder and relief liability, with a proviso for an adjustment, and stating that there were no improvements of value except fencing erected by himself.

According to reports obtained in 1926, the soil on the S.E. 1/4 was described as light loam, clay subsoil, all fit for cultivation; the Mortgage Company of Canada had this land rented to A. D. Johnson, and the crop was badly damaged by frost; the soil on the E.N. 1/4 was chocolate loam, clay subsoil, all fit for cultivation, 100 acres breaking, fencing valued at \$50.00; Mrs. Hamilton (the Lience's widow) had left the district and gone to Toronto.

Wm. Hewlett. - DOMINION LANDS ADMINISTRATION

It will be noted that under date of the 4th July last a statement was furnished in 23rd November, 1929. connection with the application made by Otto Johnson for an adjustment. Would you be good enough to place the representations of Messrs. Brownlee, Porter, Goodall & Rankine before the Adjustment Board.

Gentlemen,

Re: Andrew Hamilton,  
S.E. 13-16-18-W. 4th M.  
Your Reference - M. 42.

I beg to acknowledge receipt of your letter of the 7th instant, relative to certain liens appearing registered against title to the above described land. I would advise you that these liens were for advances made to Andrew Hamilton in the spring of 1915 and, being registered owner of the land, the liens were properly registered and no action can be taken for their removal except through payment.

As, however, your clients, the Mortgage Company of Canada, hold a first mortgage against the land and are apparently faced with a loss in connection with their investment, the Adjustment Board, with whom the case is at present under investigation, might therefore be prepared to recommend their removal.

The contents of your letter is being communicated to that body that they may be fully apprised of the position.

Your obedient servant,

J. W. MARTIN

Messrs. Brownlee, Porter, Goodall & Rankine,  
Barristers, Etc.,  
Lougheed Building,

Commissioner of Dominion Lands.

The Tax Consolidation Board, hereinafter referred to as the Board, has received information that the Provincial and Joint Relief Liens, registered against the S. J. 12-16-18-W. 4th Mer., for advances made to the late Andrew Hamilton, be disposed of as follows:-

1. That all liens registered against the S. J. 12-16-18-W. 4th Mer., be unconditionally discharged.
2. That when the Mortgage Company of Canada submit satisfactory evidence showing that they are the registered owners of the S. J. 12-16-18-W. 4th Mer., that all liens registered against the said land be unconditionally discharged.

The Board submits in support of this recommendation:-

1. That the S. J. 12-16-18-W. 4th Mer., was the debtor's pre-emption, entry to which was cancelled in the year 1922.
2. That in the year 1922, Otto Jonsson, secured homestead entry in this quarter section, and it is not sufficient that he be handicapped by requiring him to assume any portion of the liability of the original debtor.
3. That prior to the advances being made the latter mortgaged the S. J. 12-16-18-W. 4th Mer., to the Mortgage Company of Canada.
4. That the Mortgagees are foreclosing upon their security and have satisfied the Board that their prior claims amount to more than the present actual value of the land and that they are sustaining a loss in realising upon their security.
5. That the debtor died some years ago leaving practically no assets, and there is no possibility of making any collection under the personal covenant of this late debtor.

The Board therefore recommends that all liens registered against the S. J. 12-16-18-W. 4th Mer., be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

The Board also recommends that when the Mortgage Company of Canada, submit satisfactory evidence showing that they are the registered owners of the S. J. 12-16-18-W. 4th Mer., under foreclosure proceedings, that all liens registered against the said land be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

The Board also recommends that the Estate of the late debtor be discharged from any liability under his personal covenant.

While it is stated that he obtained these advances on the security of the S. M. of 13-13-18-8 4th M. there are no liens registered on title to the S. M. of that section. The seed grain advances by the Province of Alberta cannot now constitute a charge on the S. M. of 13-13-18-8 4th M. inasmuch as the debtor's entry thereto has been cancelled. The joint Provincial Dominion relief advances do however constitute a charge on that property by virtue of the interest therein of the Department of the Interior.

The Mortgage Company of Canada have applied for cancellation of the Dominion Lien on title to the S. M. of 13-13-18-8 4th M. This property was mortgaged to them on August 27th, 1912 and they cancelled their mortgage on October 10th, 1912, a date which, it will be observed, is prior to the date of registration of the lien. In support of their application for cancellation they have submitted a statement showing the amount outstanding under their mortgage in which are included the following items:

Principal	\$1000.00
Interest paid	135.24
Encumbrance costs estimated	275.00
Simple interest at 5% per annum as allowed by the Board	179.73
	<u>\$1589.97</u>

Re: Estate of  
Edmund J. Smith

Valuations of this property have been secured from reliable sources and from them it appears that it is situated near Wheat Centre. The nature of the soil is chocolate loam, that the subsoil is clay and that the land is worth \$2000.00. The Mortgage Company of Canada have admitted that they received an offer of \$2000.00 for the property in February of this year. It is clear from the fact that the amount outstanding under their mortgage exceeds the value of this property, which forms their only security, that the Mortgage Company of Canada must sustain a loss. There is no view of the value of the Department of the Interior as to the effect that when a prior mortgage is established than a loss is incurred. No objection will be raised to cancellation of the mortgage on this on the 5th of 12-17-1934. It is recommended that the mortgage be cancelled and that the title be in the name of the Mortgage Company of Canada.

The Department of the Interior have reported that the value of the property in Alberta, covered entry for the 5th of 12-17-1934, is a small amount. It is recommended that the mortgage be cancelled and that the title be in the name of the Mortgage Company of Canada. The value of the property is small and the mortgage is a small amount. It is recommended that the mortgage be cancelled and that the title be in the name of the Mortgage Company of Canada.

There is no view of the value of the property and to the Department of the Interior. It is recommended that the mortgage be cancelled and that the title be in the name of the Mortgage Company of Canada. The value of the property is small and the mortgage is a small amount. It is recommended that the mortgage be cancelled and that the title be in the name of the Mortgage Company of Canada.

The Tax Consolidation Board, hereby recommends that the Provincial and Joint Relief Liens, registered against the S.E.L., 13-16-18-W. 4th Mer., for advances made to the late Charles Hamilton, be disposed of as follows:-

1. That all liens registered against the S.E.L., 13-16-18-W. 4th Mer., be unconditionally discharged.
2. That when the Mortgage Company of Canada submit satisfactory evidence showing that they are the registered owners of the S.E.L., 13-16-18-W. 4th Mer., that all liens registered against the said land be unconditionally discharged.

The Board submits in support of this recommendation:

1. That the S.E.L., 13-16-18-W. 4th Mer., was the debtor's pre-existing entry to which was cancelled in the year 1925.
2. That in the year 1929, Otto Johnson, secured Hamilton entry to this parcel of land, and it is not desirable that he be hampered by requiring him to assume any portion of the liability to the original debtor.
3. That prior to the advances being made the debtor mortgaged the S.E.L., 13-16-18-W. 4th Mer., to the Mortgage Company of Canada.
4. That the mortgagees are first-classers upon their security and have satisfied the Board that their prior claims amount to more than the present actual value of the land and that they are sustaining a loss in realising upon their security.
5. That the debtor died some years ago leaving practically no assets, and there is no possibility of making any collection under the personal covenant of this late debtor.

The Board therefore recommends that all liens registered against the S.E.L., 13-16-18-W. 4th Mer., be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

The Board also recommends that when the Mortgage Company of Canada, submit satisfactory evidence showing that they are the registered owners of the S.E.L., 13-16-18-W. 4th Mer., under foreclosure proceedings, that all liens registered against the said land be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

While it is stated that he obtained these advances on the recording of the M.P. of 13-16-18-W. 4th M. there are no liens registered on title to the S.E. 1/4 of that section. The seed grain advanced by the Province of Alberta cannot now constitute a charge on the M.P. of 13-16-18-W. 4th M. inasmuch as the debtor's entry thereto has been cancelled. The Joint Provincial Dominion relief advances do however constitute a charge on that property by virtue of the interest therein of the Department of the Interior.

The Mortgage Company of Canada have applied for cancellation of the Dominion liens on title to the S.E. 1/4 13-16-18-W. 4th M. This property was mortgaged to them on August 28th, 1912 and they registered their mortgage on October 20th, 1912, a date which, it will be observed, is prior to the date of registration of the liens. In support of their application for cancellation they have exhibited a statement showing the amount outstanding under their mortgage to which are included the following items:

Principal	\$1000.00
Taxes paid	136.24
Foreclosure costs estimated	175.00
Simple interest at 12 per annum as allowed by the Board	129.73
	\$1441.97

Solicitor General

Valuations of this property have been secured from reliable sources and from them it appears that it is situated near Wheat Centre that the nature of the soil is chocolate loam; that the sub-soil is clay and that the land is worth \$2000.00. The Mortgage Company of Canada have admitted that they received an offer of \$2000.00 for the property in February of this year. It is clear from the fact that the amount outstanding under their mortgage exceeds the value of this property, which forms their only security that the Mortgage Company of Canada must sustain a loss. This is in view of the ruling by the Department of the Interior to the effect that when a prior mortgagee can establish that a loss is being sustained no objection will be raised to cancellation of mortgage liens. It is recommended that all Dominion liens registered on title to the S.E. 1/4 12-16-18-R 412 M. be released without charge if and when title vests in the name of the Mortgage Company of Canada.

The Department of the Interior have reported that Otto Johnson of Wheat Centre, Alberta, obtained entry for the S.E. 1/4 12-16-18-R 412 M. as a homestead on May 23rd, 1929 and agreed to assume liability for the seed grain, fodder and relief indebtedness subject to adjustment. He then stated that there were no improvements of value on the property, with the exception of buildings erected by himself. According to a valuation of the property secured from the Homestead Inspector, it would appear that the soil is chocolate loam, the sub-soil is clay and that the land is worth \$2000.00 per acre. There is fencing worth \$200.00.

Having regard to the value of the property and to the circumstances of the case, I am of the opinion that it is recommended that he pay \$1200.00 on account of the seed grain, fodder and relief indebtedness if it should be accepted as payment for the improvements and as in full settlement of the seed grain, fodder and relief indebtedness. It is recommended that payment of this sum be required, together with interest, in accordance with the terms of the agreement signed by the entrant when he filed. The Homestead Inspector has reported that there is no likelihood of collection from the estate of the deceased father. Re E.  $\frac{1}{4}$ . 13-16-18-W. 4th Mer..  
Andrew Hamilton, deceased.

The Seed Grain and Relief Adjustment Board, appointed under Order P. C. 2200, hereby recommends that the liens, Dominion, Provincial and Joint Relief, registered against the E.  $\frac{1}{4}$ . 13-16-18-W. 4th Mer., for advances made to the late Andrew Hamilton, be disposed of as follows:-

1. That the present entrant for the N.E.  $\frac{1}{4}$ . 13-16-18-W. 4th Mer., be required to assume the sum of \$125.00, on account of the Dominion Liens registered against the said land. That upon payment of this amount all liens registered against the said land be discharged.
2. That upon the Mortgage Interests submitting satisfactory evidence showing that they have secured title to the S.E.  $\frac{1}{4}$ . 13-16-18-W. 4th Mer., under foreclosure proceedings that all liens registered against the said land be discharged.

The Board submits the report of the Acting Director, Debt Adjustment Act, dated 19th September, 1929, which report gives full details of all liens registered against the said land, and states in support of the recommendation:-

1. That the N.E.  $\frac{1}{4}$ . 13-16-18-W. 4th Mer., was the debtor's pre-emption, entry to which was cancelled in the year 1926.
2. That in the year 1929, Otto Johnson, secured homestead entry to this quarter section and agreed to assume the liability subject to adjustment.
3. That as a result of the investigation made, the Board is of the opinion that the present entrant should be required to pay the sum of \$125.00, in settlement of the Dominion Liens registered against the said land, and that this represents a fair payment which should be required from him in addition to his homestead duties.

5465018

4. That the present entrant be required to pay the sum of \$125.00, and that upon payment thereof, the amount so paid be forthwith applied on account of the said liens, and that the liens be discharged from the said land.
5. That prior to the advances being made the debtor mortgaged the S.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., to the Mortgage Company of Canada.
6. That the Mortgagees have started foreclosure proceedings but have not yet secured final title to the said land.
7. That the Mortgagees have established to the satisfaction of the Board that they are sustaining a loss in realizing upon their security. The principal amount payable to them, having priority, being the sum of \$1,449.97, while the present fair actual value of the land does not exceed the sum of \$850.00.
8. That as the Mortgagees are sustaining a loss, it is desirable that the said liens be discharged, when the said Mortgagees submit evidence showing that they are the registered owners of the said land.
9. That the debtor died several years ago leaving no Estate, and there is no possibility of making any collection from him, under his personal covenant.

The Board therefore recommends that the present entrant for the N.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., be required to pay the sum of \$125.00, in full settlement of all Dominion Liens registered against the said land, and that upon payment of this amount by him the amount so paid be forthwith applied on said liens, and that all liens be then discharged, and any balances remaining unpaid be written off as uncollectible.

The Board also recommends that when the Mortgage Company of Canada submit satisfactory evidence showing that they are the registered owners of the S.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., under foreclosure proceedings, that the liens registered against the said land be discharged, and written off as uncollectible.

The Board also recommends that the Estate of the late debtor be released from any liability in connection with the said liens under his personal covenant.

  
Chairman, Seed Grain & Relief Adjustment Board.

The Honorable,  
C. Stewart,  
Min. of the Int.,

Member, Seed Grain & Relief Adjustment Board.

The Tax Consolidation Board, hereby recommends that the Provincial and Joint Relief Liens, registered against the E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., for advances made to the late Andrew Hamilton, be disposed of as follows:-

1. That all liens registered against the N.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., be unconditionally discharged.
2. That when the Mortgage Company of Canada submit satisfactory evidence showing that they are the registered owners of the S.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., that all liens registered against the said land be unconditionally discharged.

The Board submits in support of this recommendation:-

1. That the N.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., was the debtor's pre-emption, entry to which was cancelled in the year 1926.
2. That in the year 1929, Otto Johnson, secured homestead entry to this quarter section, and it is not desirable that he be handicapped by requiring him to assume any portion of the liability of the original debtor.
3. That prior to the advances being made the debtor mortgaged the S.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., to the Mortgage Company of Canada.
4. That the Mortgagees are foreclosing upon their security and have satisfied the Board that their prior claims amount to more than the present actual value of the land and that they are sustaining a loss in realizing upon their security.
5. That the debtor died some years ago leaving practically no Estate, and there is no possibility of making any collection under the personal covenant of this late debtor.

The Board therefore recommends that all liens registered against the N.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

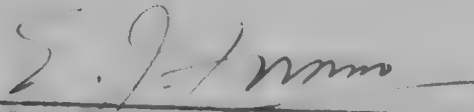

The Board also recommends that when the Mortgage Company of Canada, submit satisfactory evidence showing that they are the registered owners of the S.E.  $\frac{1}{4}$ , 13-16-18-W. 4th Mer., under foreclosure proceedings, that all liens registered against the said land be unconditionally discharged, and the total amount payable thereon be written off as uncollectible.

Dear Sir:-

Re: Andrew Hamilton, deceased.  
Dominion and Provincial liens.  
E. 1/4 of 13-16-18-W. 4th M.

Andrew Hamilton obtained the following advances from the  
Department of the Interior:

1915	-	relief	\$10.00
1916	-	relief and fodder	85.80
1915	-	fodder	51.00
1915	-	fodder	16.00
1915	-	fodder	14.00
1915	-	fodder	117.30
1915	-	seed grain	<u>\$294.10</u>

He had made no payment on account and his indebtedness amounted with interest to July 31st, 1929, to \$500.70. As security, liens for \$117.30, \$111.80, \$63.00, \$16.00 and \$14.00 are registered on title to the S.E. 1/4 of 13-16-18-W. 4th M. The debtor is still registered owner of this property. The advances also constitute a charge on the N.E. 1/4 of 13-16-18-W. 4th M. for which the debtor held pre-emption entry which was cancelled on May 27th, 1926.

He also obtained seed grain and relief advances from the Province of Alberta, for which he is indebted as hereunder shown:

			<u>\$1156.04</u>

While it is stated that he obtained these advances on the security of the E.  $\frac{1}{4}$  of 13-16-18-W.4th M. there are no liens registered on title to the S.E.  $\frac{1}{4}$  of that section. The seed grain advances by the Province of Alberta cannot now constitute a charge on the E.E.  $\frac{1}{4}$  of 13-16-18-W.4th M. inasmuch as the debtor's entry thereto has been cancelled. The joint Provincial Dominion relief advances do however constitute a charge on that property by virtue of the interest therein of the Department of the Interior.

The Mortgage Company of Canada have applied for cancellation of the Dominion liens on title to the S.E.  $\frac{1}{4}$  13-16-18-W.4th M. This property was mortgaged to them on August 28th, 1912 and they registered their mortgage on October 25th, 1912, a date which, it will be observed, is prior to the date of registration of the liens. In support of their application for cancellation they have submitted a statement showing the amount outstanding under their mortgage in which are included the following items:

Principal	\$1000.00
Taxes paid	135.24
Foreclosure costs estimated	175.00
Simple interest at 5% per annum as allowed by the Board	<u>139.73</u>
	<u>\$1449.97</u>

- 3 -

E. J. Fream, Esq.,  
Edmonton, Alberta.

Valuations of this property have been secured from reliable sources and from them it appears that it is situated near Wheat Centre, that the nature of the soil is chocolate loam, that the sub-soil is clay and that the land is worth \$800.00. The Mortgage Company of Canada have admitted that they received an offer of \$850.00 for the property in February of this year. It is clear from the fact that the amount outstanding under their mortgage exceeds the value of this property, which forms their only security, that the Mortgage Company of Canada must sustain a loss. Therefore, in view of the ruling by the Department of the Interior to the effect that when a prior mortgagee can establish that a loss is being sustained no objection will be raised to cancellation of Dominion liens, it is recommended that all Dominion liens registered on title to the S.E.  $\frac{1}{4}$  13-16-18-W.4th M. be released without charge if and when title vests in the name of the Mortgage Company of Canada.

The Department of the Interior have reported that Otto Johnson of Wheat Centre, Alberta, obtained entry for the N.E.  $\frac{1}{4}$  13-16-18-W.4th M. as a second homestead on May 20th, 1929, and agreed to assume liability for the seed grain, fodder and relief indebtedness, subject to adjustment. He then stated that there were no improvements of value on the property, with the exception of fencing erected by himself. According to a valuation of the property secured from the Homestead Inspector, it would appear that the soil is chocolate loam, the sub-soil is clay and that the land is worth \$5.00 per acre. There is fencing worth \$30.00.

Having regard to the value of the property and to the circumstances of the new entrant, I am of the opinion that if he is called upon to pay \$125.00 on account of the seed grain, fodder and relief indebtedness it should be accepted as payment for the improvements and as in full settlement of the seed grain fodder and relief indebtedness. It is recommended that payment of this sum be required, together with interest, in accordance with the terms of the agreement signed by the entrant when he filed. The Homestead Inspector has reported that there is no likelihood of collection from the estate of the deceased debtor. It is therefore recommended that the unpaid balance of his indebtedness to the Department of the Interior be written off after application of the amount which will be recovered from

### Memorandum

Mr. Glendon,

Re - Andrew Hamilton,  
E. 1/4 13-16-18-W. 4th Mer.

Kindly find herewith copies of P.C. 145/607 passed on March 20th last ratifying the recommendations of the Adjustment Board of Alberta made on November 6th to the effect that the indebtedness as set forth therein be released from the South-East quarter of Section 13, without payment on proof of title vesting in the first mortgagees. Also kindly see Abstract covering this quarter forwarded by Mr. Hewlett under cover of his of the 16th ultimo immediately hereunder showing title as vesting in the Mortgage Company of Canada subject to Dominion Liens in the amounts of \$117.30, \$111.80, \$16.00 and \$14.00. Your Reference - M.42.

Referring to the Departmental communication of November 23rd last, relative to certain liens registered against title to the land above described, I beg to advise you that I am in receipt of a communication from the Department by which I am informed that under date of March 20th, 1930, Order-in-Council P.C. 145/607 was passed concurring in the recommendation of the Seed Grain Adjustment Board of Alberta that when the Mortgage Company of Canada submit satisfactory evidence showing that they are the registered owners of the South East quarter of Section 13, Township 16, Range 18, West of the 4th Meridian, under foreclosure proceedings that the liens registered against the said land be discharged.

Sir: RE: N.E. 13-16-18-W.4th Mer.

Referring to your entry for the land above described, granted under date of May 20th, 1929, when making application for entry you completed an undertaking assuming payment of the seed grain, fodder and relief indebtedness charged against this land, subject to apportionment or adjustment by the Seed Grain Adjustment Board of Alberta.

I am now in receipt of a communication from the Department by which I am informed that under date of March 20th, 1930, Order-in-Council P.C. #145/607 was passed authorizing that on payment of the sum of \$125.00, all liens be then discharged. I am, therefore, to advise you that you will be granted a period of thirty days from the date of this communication within which to make payment of the amount stated, \$125.00, or if you so wish you may within thirty days make payment of one-quarter of the amount stated, the balance to be spread over a period of three years with interest. Re: S.E. 1/4 S-31-18-W.4th Mer.

I have before me a letter received under date of the 27th ultimo from Messrs. McDonald, Weaver & Stear, Barristers, at Edmonton, wherein they state that title to the above described land is encumbered by Crown Liens in the name of Andrew Hamilton as follows:

Seed Grain . . . . .	\$117.30.
Feed . . . . .	137.80.
Relief . . . . .	83.00.
Seed Grain . . . . .	117.30.
Seed Grain . . . . .	14.00.
Seed Grain . . . . .	174.80.

In this connection be kind enough to advise under what procedure the above described amounts become attached against that quarter section, as the records of this office fail to show that Andrew Hamilton obtained advances on the security of the land in question.

These encumbrances concern advances made to one A. Re - A. Hamilton -

Seed Grain Lien, 27th Dec. 1916.  
Your File D.H.

With reference to your letter of the 13th instant, attached please find a statement of the seed grain, fodder and relief indebtedness incurred by Andrew Hamilton on the security of the E.  $\frac{1}{2}$  of 13-16-18 W. 4th Meridian.

Under date of the 6th November, 1929, Board Order No. 1739, the Seed Grain Adjustment Board investigated this case and their recommendation was ratified by Order in Council P.C. 145-607 dated 20th March, 1930, at which time the sum of \$125.00 was established against the N.E.  $\frac{1}{4}$  of 13-16-18 W. 4th M., the liens were released from the S.E.  $\frac{1}{4}$  of 13-16-18 W. 4th M., the balance written off.

If A. Hamilton, registered owner of this lot, is the same party as Andrew Hamilton who obtained the seed grain, fodder and relief indebtedness in 1915 from this Department, the liens are a correct charge against same.

Dear Sir:

Re: A. Hamilton  
Lot 22, Blk. 3, Plan 240A  
Village of Burdett  
Dominion Seed Grain Lien

The above party obtained advances from the Dominion Government in respect of which there is still outstanding the following amount:

Principal	\$ 98.75	
Interest	<u>72.75</u>	= 164.50

As security liens were filed against the No of 13-16-17-14th but in due course a portion of this quarter section was evidently subdivided, forming an integral part of the Village of Burdett.

The Secretary-Treasurer of the Village now advises that the above described lot was taken over under Tax Recovery proceedings and sold for the sum of \$ 5.00 and that this sale has been approved by the Minister of Municipal Affairs as the price representing the fair sale value.

..... Cont'd

- two -

Cont'd.....

The Village is now required to give clear title to the purchaser and, in view of the insignificant amount involved, I would recommend that the Dominion Government be requested to release these liens free of charge insofar as they affect Lot 22, Block 3, Plan 242A, Village of Cardett, retaining the account against the balance of the quarter section.

Dear Sir:

re: A. Hamilton  
Lot 22, Blk.3, Plan 248A  
Village of Burdett  
Dominion Seed Grain Lien

The above party obtained advances from the Dominion Government in respect of which there is still outstanding the following amount:

Principal	\$ 93.75	
Interest	<u>70.75</u>	\$ 164.50

As security liens were filed against the NE of 13-16-15-With but in due course a portion of this quarter section was evidently subdivided, forming an integral part of the Village of Burdett.

The Secretary-Treasurer of the Village now advises that the above described Lot was taken over under Tax Recovery proceedings and sold for the sum of \$ 5.00 and that this sale has been approved by the Minister of Municipal Affairs as the price representing the fair sale value.

The Village is now required to give clear title to the purchaser and, in view of the insignificant amount involved, I would recommend that the Dominion Government be requested to release these liens free of charge in asfaras they affect Lot 22, Block 3, Plan 248A, Village of Burdett, retaining the account against the balance of the quarter Section.

RE: Account of Andrew Hamilton  
N.E.  $\frac{1}{4}$  13-16-18-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain, fodder and relief amounting to \$308.10, were advanced to Andrew Hamilton on the security of the E $\frac{1}{2}$  13-16-18-W.4th. Payments of \$14.00, \$30.00, and \$31.25 were received in 1915, 1929 and 1930, respectively, and applied to the principal and interest. Under authority of Order-in-Council P.C. No. 145/607 dated the 20th of March, 1930, the S.E.  $\frac{1}{4}$  13-16-18-W.4th was released as security for the liens and the sum of \$354.79 written off as a loss. The balance of the indebtedness has since remained as a charge against the N.E.  $\frac{1}{4}$  13-16-18-W.4th. The present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$93.75	\$122.00	\$215.75

The N.E.  $\frac{1}{4}$  13-16-18-W.4th was formerly the pre-emption entry of the debtor whose entry was cancelled in 1926. In 1929 the land was re-entered upon by a Mr. Otto Johnson to whom apparently patent has since issued and there is no record of the liens having ever been registered against the land.

According to an Abstract of Title dated the 15th of February, 1956, this quarter section of land now stands in the name of a Mr. Arza Otto Johnson of Eyremore, Alberta, clear of any encumbrance.

As the liens are not registered against the land and there is no further security for our advances, it is recommended that the balance of the indebtedness be cancelled.

RE: Account of John M. McCoy  
N.E.  $\frac{1}{4}$  27-2-14-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1919 seed grain amounting to \$109.60 was advanced to John M. McCoy on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$109.60	\$283.16	\$392.76

The N.E.  $\frac{1}{4}$  27-2-14-W.4th was formerly the homestead entry of the debtor whose entry was later cancelled. The land was re-entered upon by a Mr. H.J. L. Hierath to whom patent later issued and there is no record of the lien having ever been registered against the land.

According to an Abstract of Title dated the 31st of January, 1956, this quarter-section of land now stands in the name of a Mr. Herbert John Lawrence Hierath of Milk River, Alberta, clear of any encumbrance.

As the lien is not registered against the land and there is no further security for our advance, it is recommended that the indebtedness be cancelled.

Attached herewith for your easy reference is a copy of Mr. Hewlett's report, also of Board Order 8364, recommending -

1. THAT, upon application of the sum of one hundred and seven dollars and eighty cents (\$107.80) to the credit of the Dominion advance made to Wm. Albert Jones, more particularly described in the attached report, the lien taken as security be released and the balance remaining outstanding be written off."

The only reference to the valuation of this property is that in 1930 it was considered to be worth \$550.00 per acre, or \$880.00 by a Homestead Inspector. It is also stated that the Dominion lien is the only encumbrance against title. No mention is made regarding the ability of the present owner, Mary Swanson, to pay, or whether the land is being operated by her. According to our records S. T. Swanson owned the E½ 28-7-9-W.4th, & the E½ 18-7-9-W.4th, in the year 1922.

The information is desirable before asking Council to approve this recommendation, and it occurred to me that you might have a representative in the district who could investigate and report, or you probably have other means of getting the desired information, which would be very much appreciated.

Dear Sir:-

I have taken up the South half of Section (14) of the Township sixty-five (65) in Range Twenty-three (23) of the Fourth Meridian. I have taken entry on or about the 13rd day of June 1909. and I now find that it will be very inconvenient for me to have a farm in this locality and I wish to winter my stock here next winter if possible to allow me to remain off this land until March 1st 1909 to enable to winter my stock on my farm here as already stated. An early answer will greatly oblige.

Yours truly,

Dear Sir:

Re - S.E. 1-65-23 24th  
Joint Relief Advances  
John Hopps

With reference to your letter of the 25th instant, I would advise that Lien No. 4462 C.I. was registered as security for feed and assistance advances obtained by the above party which were financed jointly by the Dominion and provincial governments. In view of the interest of the senior government this account is not subject to cancellation under provincial legislation and settlement must be arranged although this may be on a compromised basis depending on the value of the land as security and the ability of the party presently interested to pay.

The original amount of the advances was \$176.50 and the present balance including accrued interest is \$559.72.

I would be very pleased to receive any representations which may be made in behalf of the party presently interested together with a suggestion as to the amount which that individual is prepared to pay for a release of the lien in order that the question of settlement of this account can receive consideration.

Yours very truly,

"A. H. French"  
Chief Collector.

Dear Mr. Dechene:

I bought the S.E. 1-65-23 W4th from Mr. John Hopps and since receiving the title found out that a feed or seed debt is against it. Mr. P. Davies filled out the papers and I understand he had the title searched but couldnt have.

This debt was written on title thus - 4462C Indebt. dated 20 July - 22 Reg. 10.01 A.M. 25 Aug. - 22, subject to indebt. to M.D. 638 for seed grain for \$176.50 at 7.

There are only 24 acres broken on this farm and I feel that I cannot afford this. I have always been a supporter of yours and have acted as Deputy Returning Officer for the last two terms. I do not know who else to turn to for help as I had the Council try to do something. I am enclosing their letter answered. I understand a number of these old debts were cancelled years ago.

Dear Sir:

Allow me to send you copy of a letter just received from a Mr. Harold Ray, of Meanook, Alberta, in the Constituency of Athabasca. You will note that the land he purchased recently from a Mr. John Hopps is subject to a Lien for seed grain advances in 1922. Evidently, the lawyer mentioned in the letter failed to make the required search of the titles. I also enclose copy of the letter written by the Chief Collector re Mr. John Hopps, to Mr. W. J. Leskiw under date of July 29th, 1953.

The situation is that the amount involved is almost as large as the value of the land in question. I happen to know that country well. I know that in many instances some fair arrangement was arrived at in matters of this kind. This knowledge was gathered while I was a Member of the Alberta Legislature as far back as 1921, and since becoming a Member of Parliament in 1940, I know that on many occasions suggestions were made by the Department of Agriculture and Municipal Affairs of Alberta as well as our own Department of Agriculture in Ottawa, to have these old Liens written off. I would like to hear from you in that regard.

I would be in a position to call at your office and discuss the matter more fully with yourself, if thought advisable and if the Department are prepared to make such an adjustment in this case.

Dear Sir:

Re: S.E. 1-65-23-W. 4th Mer.,

Joint Relief Advances.

The above named party obtained the following advance for which a lien has been registered against the Title to the above described parcel of land:

May 17th, 1920	_____	\$176.50
Interest to Dec. 31st, 1953	_____	415.58
Payment, December 27th, 1926	_____	592.08
		20.00
TOTAL	_____	\$572.08

The debtor sold this land to Mr. Harold Ray in the year 1949 under an Agreement of Sale and Mr. Ray now states that the Solicitor acting for both parties to the sale transaction gave assurance that the Title was clear.

Mr. Ray communicated with this office in the year 1954 stating that he had just become aware of the existence of a lien against his Title and requested that it be removed. It was pointed out to him that removal of the lien could not be considered but that he should submit an offer for settlement of the account to the Board. Last October he remitted the sum of One Hundred and Seventy-Six dollars and Fifty cents (\$176.50) which is equal to the principal amount of the account and requested that this be accepted as a compromise settlement in full.

Our information indicates that this land is assessed at Seven Hundred dollars (\$700.00) and there are only twenty-four

(con't on Page 2)

(2)

acres under cultivation.

The original debtor has departed for parts unknown and the only security remaining is the value of the above described property which is not large as indicated by the assessed valuation.

Under these circumstances, I would recommend that the offer of One Hundred and Seventy-six dollars and Fifty cents (\$176.50) be accepted as a satisfactory settlement of the account in full. I would further recommend that upon application of this amount being made to the account, same be adjusted so that it will stand paid in full and the lien be released from the Title.

Yours very truly,

Madam,

*MR* I am directed to inform you that no further information can be given to you in reply to your letter of the 19th ultimo as to the action you must take to establish your claim to be the legal representative of Owen Vaughan Williams, deceased, and in that capacity to a land certificate under S.A.V. Warrant, No. 3594, than was given to you by my letter of the 18th February last which was mailed to your address at that time "Mrs. Lissa Williams, 1506 West Main Street, Yalamazoo, Mich., U.S.A."

By that letter you were informed that the necessary evidence to be filed here to establish your claim to be such representative was: letters probate if the deceased left a will, or letters of administration if he died intestate; or, in case you desired to retain the original letters, a copy thereof certified to be a copy by the proper officer of the Court from which the original letters were obtained.

On the same date, the 18th February, 1909, a copy of a letter to Lt. Col. Smith of the Department of Militia & Defence was mailed to you. By that letter he was requested to file here any paper on file

in

Mrs. Owen V. Williams,  
310 Genesee Street,  
Utica, N.Y.  
U.S.A.

in that Department which would show who the legal representative of the deceased is. Lt. Col. Smith replied that no paper of this nature was on file in that department, and there the matter has stood until your letter of the 19th ultimo was received. By that letter it appears that the late Owen Vaughan Williams died intestate- left no will. Therefore, letters of administration to his estate or a copy thereof certified to be a copy by the proper officer of the Court from which the original letters of administration ~~were~~ <sup>may be</sup> obtained must be filed here. When such copy or original letters are filed here a certificate to locate land under the warrant in question will be prepared at once. Until one or the other has been filed here such certificate cannot be prepared.

You are entitled as the wife of your deceased husband to take out letters of administration to his estate.

Edmonton, May 7, 1913.

Sir,

I regret to inform you that owing to a clerical error arising in the office of the Department of Education of Alberta you were advised in a letter from me dated March 14th last that the name of the Treasurer of the Flood Indian C.D. No. 2531 was A. E. Fogarth of Delano. After some delay this misapprehension has now been corrected and I beg to advise you that the real name and address of the secretary-treasurer of this district is Mr. C. E. Thompson, Delano, Alta.

The letter in which the above error took place was dispatched to you in connection with the transference of a parcel of land at the E. W. corner of Section 16-24-9 West of the 4th, for the purpose of a school site.

Regretting this mistake, I am,

-to S.E. 1/4 2-10-1-4.3th N.-

Sir,-

I beg to inform you that evidence has been filed in this department showing that there has been improperly registered in the Land Titles Office against the S.E. 1/4 2-10-1-4.3th N., a lien for \$190.14 said to have been given by one, Frederick H. Macnott. I may say that the said Frederick H. Macnott gave to His Majesty in the right of the Dominion of Canada, the following liens on the security of the S.E. 1/4 of section 1-24-9-4.4th N., and the S.E. 1/4 of 9, and S.E. 1/4 of 16, in township 24, range 9, west 4th Meridian:-

Seed Grain, \$66.00 and \$76.50.....	\$142.50
Provisions.....	25.00
Provisions and Saddle.....	30.00
Saddle.....	20.36

and it is believed that there is a part of the liens above mentioned which has been registered in the sum of \$190.14 against the S.E. 1/4 2-10-1-4.3th N., standing in the name of William F. Johnston.

You are, therefore, hereby authorized and requested to remove the lien for \$190.14 from the S.E. 1/4 of section 2, township 10, range 1, west 3th Meridian.

A copy of this letter is being sent the Agent of Dominion Lands at Calgary for his information.

Kindly advise me of the action you may take in this matter.

Re: Account of Aris Charlet,  
L.N. 16-51-4-15.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Aris Charlet received seed grain and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$106.07 of which \$35.20 is principal and \$70.87 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

RE: Account of Arie Charlet  
S.W. & N.W. 16-31-4-W.5th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain and relief amounting to \$75.20 were advanced to Arie Charlet on the security of the above mentioned land. No payment has ever been received and the amount standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$75.20	\$70.87	\$146.07

Patent was issued in the name of Arie Charlet for the N.W. 1/4 16-31-4-W.5 on the 12th of March 1911, subject to the 1915 liens. The S.W. 1/4 was formerly the pre-emption entry of the debtor whose entry was later cancelled and the land is still unalienated Crown land held in the right of the Province.

This half section of land is not of high agricultural value and has never been revenue producing sufficiently to enable the repayment of the liens.

In reply to our questionnaire of the 1st of October, 1911, the Secretary-Treasurer of the Municipal District of Stony Plain No. 84, advised us that the N.W. 1/4 was now occupied in the name of a Mr. Andrew Harnstad of Kelowna, B.C. He had no information as to who was operating this quarter but that there was an accumulation of \$45.58 arrears of taxes outstanding against it. Also he advised that the S.W. 1/4 was in the name of the Crown having been abandoned by the debtor and was no longer being operated.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

Pape Island, etc.

I have started to build a house on the 11th of December 1908  
I intend to make this my home well up and

I have some land on the 11th of December, which I intend to  
improve to do my improvements here.

The land I have been to give to all people I gave  
to Pape Island, I can not get more than 10% of

my land, this year.

I would like to know if you will let a letter from  
that is it cannot be done so I will let it be

What improvements I make for the year will be next  
year as you will have more land to that time and  
I will then be well able to do my improvements.

I trust you may let me know what can be  
done in this matter and I will be glad to do it.

Acc't. of Bruce Christie.

Sir:-

In 1915 Bruce Christy received advances of fodder and relief to the amount of \$62.40, giving liens for same against the N. & 19-9-10 N. 4th. The S. & 19-9-10 N. 4th was, at that time, the unpatented pre-emption of Joseph Donahue, and the N. & 19, his patented homestead. Title to both quarters still stands in the name of Joseph Donahue, with the liens registered against both, but there is nothing to show that Bruce Christie ever had an interest in either quarter. Joseph Donahue was fully aware of the liens having been placed against his land, as he wrote on the 24th September, 1915, to ascertain what liens Bruce Christie had placed against his land. Christie applied for seed grain, also, but was refused as he claimed the section was only leased, unless he could get the owner's signature.

Kindly have an inspector, when in the district, endeavour to locate Bruce Christie, and also report as to the cultivation of the land.

Your obedient servant,

R. Marchand,

Financial Controller.

As per statement attached.

The Lienee in his application for Seed Grain in April, 1918, represented that he had 55 acres of land broken on his unpatented homestead and obtained 60 bushels of wheat for seed, and in 1919 he obtained 50 bushels of wheat.

In 1915 he had received Fodder and Relief.

S.E.† 35-8-10 W.4th M.

This quarter-section was the Lienee's homestead, entered 10th June, 1916, and patented 28th August, 1922, subject to the Seed Grain, Fodder and Relief Liens. The land has now passed to the Municipal District of Forty Mile No. 64 under Tax Recovery Act procedure.

W.† 19-9-10 W.4th M.

In 1915 the Lienee received advances of Fodder and Relief giving liens against the last above mentioned lands, which at that time belonged to Mr. Joseph Donahue. The Lienee had the lands under lease. Donahue was aware of the liens as he wrote on 24th September, 1915, to ascertain what liens the Lienee had placed against the land. An Inspector in 1926 reported the lands were then owned by Mr. A. W. Doran of Bow Island, Alberta.

Dear Madam,

Re - #1 19-9-10-1, 4th Nov.

In 1915 this Department advanced relief and fodder to Bruce Christie on the security of this land, and the liens taken are registered against same in the Land Titles Office.

The following statement gives the present standing of the account -

<u>Principal</u>	<u>Int. to 31-12-42</u>	<u>Total.</u>

Incidentally it might be mentioned that statements showing the amount due were sent A. J. Doran each year from 1924 to 1931. The account has been outstanding for a long time and payment in full would be appreciated.

Re: Account of Bruce Christie,  
W. 12-9-10-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Bruce Christie received fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$184.26 of which \$62.40 is principal and \$121.86 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

Re: Account of Bruce Christie  
W. 19-9-10-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 fodder and relief amounting to \$62.40 were advanced to Bruce Christie on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$62.40	\$121.86	\$184.26

Patent was issued in the name of Joseph Donahue for the N.W. 1/4 19-9-10-W.4th on the 31st of May, 1912 and for the S.W. 1/4 19-9-10-W.4th on the 29th of January, 1917. In 1915 a Mr. Bruce Christie who had leased this half-section of land from Mr. Donahue obtained advances of fodder and relief giving the land as security and the liens subsequently became registered against the land. The land was later purchased by a Mr. Doran subject to the liens.

This half-section of land is not of high assessed value and has never been revenue producing sufficiently to enable the repayment of the liens. It is located in a drought area of the Province where the land is mostly suitable for only grazing purposes. This half-section is still assessed in the name of a Mr. Doran who now lives in retirement in British Columbia and has his land leased out for grazing purposes.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances, it is recommended that the indebtedness be cancelled and the liens discharged.

Pat. No. 1749759  
Secretary of the Interior

July 27 1912

Dear Sir: - In the matter of my preemption  
No. 147-11-7-42, 4. I wish to pay out in  
full and obtain title as soon as possible.  
I have been paid the full price of 6 months of  
each year since I filed on Dec 1905.  
Horn Island Homestead, which I still own.  
I have made payments as follows: to wit,  
Dec. 10 1905 \$24.00 Oct 11, 1910 \$24.00 Nov 15, 1912,  
\$24.00 Sept 30 1912 \$160.00 Dec 11, 1912 \$22.20.  
I broke and cropped 15 acres on preemption in  
1912 and cropped 45 acres on Homestead  
contract in 1913. I made a  
preemption with a man who owned a good  
outfit to follow him 42 acres and  
to break out 35 acres more. But his son  
gave out in but 24 days and he could not  
repaired the ground better. He had  
but it is impossible to get any thing  
done. In the light of these circumstances  
I thought, that perhaps the Department  
could accept the balance of my payment and  
issue my patent.

(over)

For further reasons why I hope for the  
favor I will cite the following facts.  
In the Spring of 1913. I met with an  
accident I was which I was partially  
disabled, being thrown from a wagon  
and having back and one hand crippled.  
In 1912. I worked all summer and  
was not able to collect my wages.  
I have no teams or implements and it  
is difficult, some times impossible,  
to run work done. It is next to impossible  
to let the land. It does not pay to  
farm and run work done. The crops here  
this year are nearly a total failure. So  
there is nothing I can do without going  
away from here. Under the circumstances  
it would be a damage to the land to break  
up more of it, and could not be of any  
advantage to the State. Mr. Huntley  
the Inspector will verify my statements  
and I can furnish ample proof without  
arguing or prevarication of the truth of  
my statements as to residence and good  
faith.

Yours most Respectfully

Mrs B. Stout

Sir,-

Re: S.Y. 9-34-6-4.

In connection with your indebtedness to the Department for Seed Grain advanced to you on the security of the above described land, I am now in receipt of a report from our Inspector in which he states that you are unable to make payment this fall. I beg to inform you that under the present circumstances it has been decided to extend the time in which such indebtedness must be paid until fall of next year. It is to be distinctly understood, however, that your indebtedness must be paid prior to the time mentioned, and should you find yourself in a position to pay the amount due or make a substantial payment on account before that time, it is expected that you are to do so.

## STATEMENT

of Seed Grain, Fodder and Relief indebtedness.

Harvey S. Kelts.

N.W. 1/4 9-34-6-W.4th M.

Federal indebtedness.

(As per statement attached).

The licensee in his application for seed grain in 1915, stated he had 200 acres under cultivation on both quarter sections, to seed which he obtained 224 bushels of wheat, and 99 bushels of oats. In 1919 he stated he had 140 acres under cultivation on the S.W. 1/4, to seed which he obtained 210 bushels of wheat and 50 bushels of oats.

Provincial & Federal.

50-50 Basis,  
No record.

Security.

N.W. 1/4 9-34-6-W.4th M.

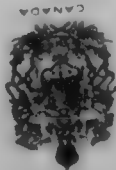

This is the licensee's homestead, patent to which was issued in his name on the 28th November, 1910. There is no evidence on file as to the date of registration of the liens which, of course, would only apply to the 1915 liens as the 1919 advances are not chargeable to this land.

S.W. 1/4 9-34-6-W.4th M.

This is the licensee's pre-emption. According to a Homestead Inspector's report dated the 15th June, 1926, this land is described as chocolate loam with 140 acres fit for cultivation and there are improvements on the homestead - house value \$600.00, stable \$700.00, granary \$70.00, fencing \$120.00, well and wind mill \$90.00; the improvements on the pre-emption are - fencing \$75.00; the area of breaking on both quarter sections is stated to be 130 acres each and a valuation of \$7.00 per acre is placed on the land.

An application for an adjustment was submitted through Mr. W. Lere and he quotes his reference as T.K. 13.

RE: Account of Harvey S. Kelts  
W $\frac{1}{4}$  9-34-6-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 and 1919 seed grain and fodder amounting to \$1,012.35 were advanced to Harvey S. Kelts on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$1,012.35	\$1,993.44	\$3,005.79

Patent was issued in the name of Harvey S. Kelts for the N.W.  $\frac{1}{4}$  9-34-6-4 on the 28th of November, 1913, and the land later became subject to the 1915 liens. The S.W.  $\frac{1}{4}$  9-34-6-W.4th was formerly the pre-emption entry of the debtor on which security he obtained the 1919 advance of seed grain.

This half section of land is not of high assessed value and has never been revenue producing sufficiently to enable the repayment of the liens. The N.W.  $\frac{1}{4}$  9-34-6-W.4th has since become subject to forfeiture proceedings for nonpayment of arrears of taxes and title reverted to the Crown in the right of the Province.

According to an Abstract of Title dated the 31st of January, 1956, the N.W.  $\frac{1}{4}$  9-34-6-W.4th now stands in the name of Her Majesty the Queen in the right of the Province of Alberta, as represented by The Minister of Lands and Mines subject only to the 1915 liens; while the S.W.  $\frac{1}{4}$  9-34-6-W.4th is shown as registered in the name of Kenneth L. and Matthew A. Gould, both of Consort, Albert, clear of any encumbrance.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances it is recommended ~~it be recommended~~ that the indebtedness be cancelled and the liens discharged.

Dear Sirs:

Re: S.E. 3-1-14-1.4th

We have your letter of the 27th of June, 1956, informing us that there are certain liens registered against the above land in the name of Thomas Colliton.

These are Joint Dominion-Provincial liens for which the account was settled under authority of Order-in-Council P.C. 35/323 dated the 13th of February, 1932. We believe that the Provincial Government will have authorized the removal of the Joint registration of these liens. However, in some cases both the Province and the Dominion Government have made registrations.

We are, therefore, asking the Registrar, Land Titles Office, Calgary, Alberta, that, if such is the case, he remove the Federal registration of these Joint liens.

Yours very truly,

Re: S.E. 3-1-14-W.4th

We have been informed by Messrs. Moscovich, Moscovich, Spanos and Matisz, Barristers and Solicitors, Lethbridge, Alberta, that there are Dominion liens for \$80.50, \$120.05, \$115.85 and \$162.25 registered against the above land in the name of Thomas Colliton. According to our records, this account was settled under authority of Order-in-Council P.C. 35/323 dated the 13th of February, 1932.

Although these liens were Joint Dominion-Provincial liens, it would appear that they have also been registered by the Dominion Government. We expect that the Provincial authorities have removed the Joint registration but that the Federal registration is still outstanding.

You are, therefore, authorized and requested to remove our liens for \$80.50, \$120.05, \$115.85 and \$162.25, in the name of Thomas Colliton, from the title to the S.E. 3-1-14-W.4th and all other lands.

Meantime, re-entry was granted to the applicant for inspection (Mr. A.Ritz), but the latter was subsequently notified not to take possession of the land.

An Inspector's report was then required, and the same is now submitted together with affidavits from the homesteader and two neighbours.

The report shows that the homesteader has been in residence since August 29th, 1909, to date, namely April 18th, 1910, with the following improvements:-

DOMINION LANDS ADMINISTRATION

14th December, 1925

Sir,

S.W. 1/4 1-30-16-W.4th M.  
Pre-emption - Frank Gibson.  
Obtained entry 2nd November, 1908.  
-----

With the exception of payments a satisfactory application for patent was made on the 19th April, 1916. A Certificate of Recommendation issued which expired on the 11th October, 1922. The document has not been returned.

With interest to the 1st ultimo the pre-emption indebtedness amounted to \$827.92. With interest to the 31st March last the seed grain indebtedness amounted to \$619.59.

On the 23rd October, 1923, Inspector Cloakey reported entrant in Newcastle, Ontario, his son farming the land.

An extension of time was then allowed until the 1st November, 1924, within which to make a payment.

On the 26th May, 1925, Inspector Cloakey reported father in Ontario; son on the land. Cultivation, 190 acres cropped on the half-section. The Inspector stated that the entrant had a very poor crop last year but would endeavour to pay that year.

On the 10th February, 1926, the entrant paid \$100.00 on account of the seed grain indebtedness and in April, 1927, paid \$100.00 on account of the purchase price.

In April last Inspector Tempany reported 120 acres broken and cropped, value \$600.00.

## General remarks:

"Mr. F. Gibson paid \$100.00 on account  
"last year and has promised in the event of a crop  
"this year to pay the balance."

In view of the Inspector's report the Agent was instructed to have an Inspector keep this case on his list for inspection when on collection work this fall. Up to the present the report has not been received.

In view of representations made that the entrant's crop was practically destroyed by frost and he is unable to make

-any-

any payment and requests an extension of time until after next harvest, the Acting Deputy Minister has asked for a report together with a recommendation.

In view of the representations made, the Department would be justified in allowing an extension of time until the 1st November, 1929, within which to remit a substantial payment. It might, however, be advisable to await the Inspector's report.

Sir,

I beg to acknowledge the receipt of your communication of the 2nd instant, reference 17527, forwarding here Mr. Charles Norman Olson's application for patent for his Homestead, the North West 1/4 of Section 14, Township 11, Range 8, West of the 4th Meridian. In this connection it is observed that the homesteader has paid the sum of \$41.00 on account of the improvements which were on this land at the time he obtained his entry. The former homesteader in his Declaration stated that these improvements were worth a great deal more than the amount paid by the present man and in June, 1910, you were requested to obtain a Homestead Inspector's report in regard to the value of the improvements in question. This report has not yet reached the Department and nothing further will be done in regard to the present application for patent until it is received. Be good enough to see that this report is obtained at the earliest possible moment.

PATENT BRANCH.

Application for patent of Mr. Charles Norman Olson,  
For the North West  $\frac{1}{4}$  of 14-11-8-West 4th Meridian.

According to your Office note of the  
15th of November, last, \$41.00 were paid by the home-  
steader in this case on account of the improvements.

The Agent was requested to obtain a  
Homestead Inspector's report as it appeared that these  
improvements were worth more than this amount and he now  
sends down an Inspector's report made in February, 1910,  
which shows that the total value of the improvements  
was \$71.00. You will observe, however, that there is  
a note in red pencil to the effect that the  
homesteader has paid the balance owing. See File 75644.

Is there any trace of this having  
been done according to your records?

Application for patent of Mr. C. N. Olson.  
For the North West  $\frac{1}{4}$  of 14-11-8 West 4th Meridian.

I do not understand the present remarks made by the Patent Branch. They seem to put another valuation altogether on the improvements. The homesteader appears, as far as we can see, to have paid \$41.00, on account of the homestead Inspector's valuation of \$71.00.

They say now that \$85.85, have been paid now on the North half of the section. In November, last, they state that only \$41.00 had been paid in connection with the North West quarter.

Will you be good enough to see about this the next time you go up-stairs.

Application for patent of Mr. C.H. Olson,  
for the North West 1/4 of 14-11-8 West 4th Meridian.

This is a case of improvements and according to the statement from your office this man has paid on account of the half section \$65.65 altogether for improvements.

According to a Homestead Inspector's report, which was made in February, 1910, which the Agent only now sends to the Department, the improvements were only valued at \$77.00 on the half section.

Has the man over-paid in this connection? In any event can we go on with the application for patent without asking for any more money?

Re: Account of Charles Norman Olson  
N.W. 1/4 14-11-8-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1911 seed grain amounting to \$22.50 was advanced to Charles Norman Olson on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

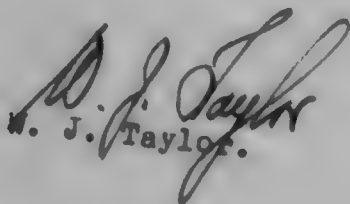

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$22.50	\$50.62	\$73.12

Patent was issued in the name of Charles Norman Olson for the N.W. 1/4 14-11-8-W.4th on the 1st of April, 1913, subject to the 1911 lien.

This quarter-section is described as rough land and has never been revenue producing sufficiently to enable the repayment of the lien.

In 1923 the homestead inspector reported that the land had not been cropped for several years and that the whereabouts of the entrant was unknown. The land has since become subject to forfeiture proceedings for nonpayment of arrears of taxes and title has reverted to the Crown in the right of the Province of Alberta, as represented by the Minister of Municipal Affairs. As such the land no longer offers any security of value for our lien.

Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

The land quoted was the debtor's pre-emption entry in respect of which he failed to meet the requirements with the result that his entry was cancelled in 1931.

The debtor continually found himself in a progressively worse financial position and a statement of affairs taken from him by the Departmental Inspector in 1931 shows assets of less than one thousand dollars (\$1000.00) while his liabilities amounted to approximately

As no security remains and as there is no possibility of obtaining repayment under the personal covenant, I would recommend that the balance outstanding be written off.

Provincial Seed Grain Advances of six hundred and forty-six dollars and fourteen cents (\$646.14) have already been cancelled.

Dear Mr. Gilchrist,

Representations have been made to Mr. Prudham in connection with Mr. Harry Gray and the removal of Seed Grain Liens from his property. Mr. Gray is the owner of the North West Quarter of Section Twenty-three (23), in Township Eleven (11), Range Eight (8), west of the Fourth Meridian, and the South West Quarter of Section Twenty-seven (27), in Township Eleven (11), Range Eight (8), West of the Fourth Meridian. The following Seed Grain Liens are registered against the above land September 15, 1950, Instrument No. 6876 B.G.; October 1st, 1915, Instrument No. 1820 B.K.; and December 30th, 1916, Instrument No. 256 B.I.

Mr. Gray is seventy-two years of age and not in very good health. His income from the farm has not been any too great.

It would be appreciated if you could let us know what the prospects might be for having these Liens discharged.

Yours sincerely,

Dear Mr. Thomson:

Re: NW 23 & SW 27-11-8-W.4th  
Account of Harry Gray

On May 3rd you asked that we investigate the indebtedness on the above account with a view to having the liens discharged. Our account against Mr. Gray for advances of seed grain and relief in 1915 now amounts to \$1940.23 and from the information we have on file it would appear that this is in excess of the value of our security.

It will be difficult to make a recommendation on this account until we obtain some additional information. In the meantime it would be appreciated if Mr. Gray could let us know of any other charges outstanding against his lands as our records show that a few years ago the Excelsior Life Insurance Company were threatening foreclosure on a mortgage they held against this property. We are today writing for a valuation of this land and when it is received we will advise you further on a possible settlement.

Dear Sir;

Attention J.R. MacFarlane, Esq.  
Re: NW 13 & SW 27-11-8 W 4th  
District of Larry Gray

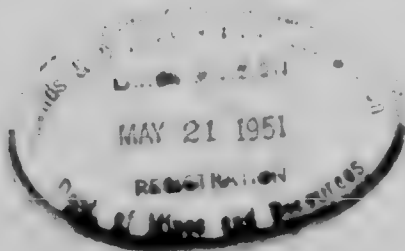

The Honourable F.W. Johnston has given me a  
copy of a letter that you forwarded to the Private  
Secretary of the Minister of Mines and Technical Surveys,  
regarding Mr. Larry Gray.

Mr. Gray is seventy-two years of age and is in  
poor health.

Mr. Gray has informed me that there are no other  
charges outstanding against the above land. It is land in  
the dry area and the income from farming is very low.

It would be greatly appreciated if you would  
accept a request for the return of this land.

Yours truly,

Re: N.W. 23 & S.W. 27-11-6-W4.

This will acknowledge your letter of May 19th, 1951, in which you ask that the Federal charges registered against the above lands of Mr. Harry Gray be removed on payment of a nominal sum. We have been investigating this account but have not had very much success in obtaining information from the Secretary Treasurer of the Rural Municipality of Bow Island. If you could let us know the amount of the current assessment of these two parcels of land you will be advised of the least amount that will be accepted in full settlement of our claim.

Re: S.t 27-11-8-W.4th.

This Department has an old account against the above noted land for advances of seed grain, relief and fodder to H.L. Gray in 1915 and 1916. We are anxious to bring our records up-to-date and if possible to settle this long outstanding account. It would assist us greatly if you would be kind enough to complete the attached form.

An addressed envelope which does not require a stamp is enclosed for this purpose.

Re: Account of George Ensign  
N<sup>o</sup> 23-11-8-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1911, 1915 and 1922 seed grain, fodder and relief amounting to \$360.34 were advanced to George Ensign on the security of the above mentioned land. A payment of \$25.85 was received in 1915 and applied to the principal and interest. The present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$334.73	\$719.90	\$1,054.63

Patent was issued in the name of George Ensign for the N.E. 1/4 23-11-8-W.4th on the 14th of November, 1913, and the land later became subject to the 1911 and 1915 liens. The N.W. 1/4 23-11-8-W.4th was formerly the pre-emption entry of the debtor whose entry was cancelled in 1932. The land was later re-entered upon by a Mr. Harry Lilliock Gray to whom patent later issued and there is no record of the liens having ever been registered against the land.

The N.E. 1/4 23-11-8-W.4th is of low assessed value and is situated in a drought area where income from farming is very low. The land has never been sufficiently revenue producing to enable the repayment of the liens.

According to an Abstract of Title dated the 26th of January, 1956, the N.E. 1/4 23-11-8-W.4th now stands in the name of The Trusts and Guarantee Company, Limited, Administrator of the Estate of Eugene Ensign (deceased) as such Administrator, subject only to the 1911 and 1915 liens; while the N.W. 1/4 23-11-8-W.4th is shown as registered in the name of a Mr. Harry Lilliock Gray, clear of the encumbrance of George Ensign's liens.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances it is recommended that the balance of the indebtedness be cancelled and the liens discharged.

behalf of the debtor have  
as fundred (\$100.00) dollars  
the account.

(Con's on Page 2)

- Page 2 -

In support of this offer and request to compromise it is set out that the debtor has been under a heavy financial strain for many years due to large medical expenses incurred on behalf of his wife. At the present time his assets comprise of Title to the above described lands and a house in the city of Medicine Hat used as the residence.

The debtor claims that he was of the opinion that these Liens were all settled many years ago and it was only recently that he became aware that the account was still outstanding. The Solicitors submit that medical expenses alone for his wife's care will be approximately One Thousand (\$1,000.00) dollars per year and this coupled with the fact that due to his advanced age he is compelled to separate his farm on a rental basis and would only receive a portion of the proceeds, would all tend to place a heavy strain on his income.

Taking all these circumstances into account it is my considered opinion that the offer made should be considered satisfactory and I would recommend that it be accepted.

I would further recommend that upon application of this payment being made to the account same be adjusted so that it will stand paid in full and the corresponding Liens be released from the Title.

In conclusion it may be stated that Straight Provincial Seed Grain Advances Five Hundred and Eighty dollars and Ninety cents (\$580.90) principal, issued in the corresponding years, have already been cancelled outright by the Provincial legislation.

Yours very truly,

Re: Account of Robt. A. Cooper  
S.W. 4 30-9-10-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Robt. A. Cooper received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is \$571.55 of which \$189.83 is principal and \$381.72 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

Re: Account of Robt. A. Cooper  
S.W. 1/4 30-9-10-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain, fodder and relief amounting to \$249.45 were advanced to Robt. A. Cooper on the security of the above mentioned land. A payment of \$88.72 was received in 1922 and applied to the principal and interest. The present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$189.83	\$381.72	\$571.55

Patent was issued in the name of Robert A. Cooper for the S.W. 1/4 30-9-10-W.4th on the 1st of March, 1913, the land later becoming subject to the 1915 liens.

This quarter-section is not of high assessed value and has never been revenue producing sufficiently to enable the repayment of the liens. The land is situated in a drought area of the Province where farming conditions have been difficult due to poor crops. In 1926 the homestead inspector in a report stated that the entrant's brother had broken over the land and had about 50 acres of summer fallow.

In reply to our questionnaire of the 8th of November, 1951, the Secretary-Treasurer of the Municipal District of Bow Island No. 13, advised us that this quarter-section was only assessed for \$910.00 and that there was an accumulation of \$47.32 arrears of taxes outstanding against the land.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances and in view of the payment already received, it is recommended that the balance of the indebtedness be cancelled and the liens discharged.

Sir,

I am in receipt of your application for patent for the S.W. 1/4 of Section 3, Township 11, Range 10, West of the 4th meridian and would state that from the information contained therein, it would appear that you have only completed two periods of residence which can be counted to your credit. It will therefore be necessary for you to complete a further period of six months residence counting from the 1st of November last.

I might point out that on all entries granted on and after the 1st of September 1908 residence can be computed in two ways only, that is by counting from date of entry or by counting from the date upon which residence duties were commenced.

Sir,

*I have the honour to acknowledge the receipt of your letter dated the 3rd inst, and beg to report that I traced Mr. H.R. Jones to Mr. Puffers ranche near Bashaw, where he is working. He told me he expected Mr. Puffer there this week when he would receive some of his wages, and would pay part of the money back to the Government, if not all now. I took him to pay it into the bank, and they will forward it to the Dominion Land Agent at Red Deer.*

*As to E. N. Jones, his brother, he said he did not know just where he was at present, the last they had heard from him was from Loekinvar, where he was working with a threshing gang, but they expected him home when the threshing season was finished.*

Sir,

Re H.E. 3-11-19-W. 4th E.

I beg to inform you that Messrs. Shepherd, Dunlop & Rice, Barristers, Lethbridge, advise through the Agent of Dominion Lands, Lethbridge, that a lien for \$50.00 wrongfully clouds the title to the above described land, the patented homestead of Thomas Patrick Nolan, and to say the records here show that this lien was given by one H. R. Jones in connection with the South West quarter of this section, the error apparently having arisen from the fact that the land is wrongly described in the lien as the North West quarter of the above section instead of the South West quarter.

You are, therefore, hereby authorized and requested to remove from the said H.E. 3-11-19-W. 4th E., the lien in question for \$50.00, registered against it in error. You are also hereby authorized and requested to register this lien against the South West quarter of this section if such action has not already been taken.

A copy of this letter is being sent to Messrs. Shepherd, Dunlop & Rice for their information.

Kindly advise me of the action you may take in this matter.

Memorandum:-

Mr. Hill

Re - H.R. Jones,  
Charles W. Harvie,  
S.W. 3-11-19-W4M.

Patent to the above described quarter issued in the name of one H.R. Jones in 1912. Under date of October 29th, 1914, he gave a Provision Note in favour of this Department to cover an advance of groceries made to him on the security of the N.E. 3-11-19-West 4th Meridian. This land was subsequently found to be given in error and the note which had been registered against title thereto was removed and registered against the S.W. 3-11-19-West 4th Meridian (see Departmental communication addressed to the Registrar at Calgary under date of June 18th, 1919)

Charles W. Harvie the present owner of the S.W. 3-11-19-West 4th Meridian on being requested to liquidate this Lien contended it was wrongfully registered and in support thereof submitted a Statutory Declaration (Ref. 4956795 hereunder) wherein he states that H.R. Jones has held no interest in the S.W. 3-11-19-West 4th Meridian since September 4th, 1913.

An Historical Abstract of Title drawn under date of April 6th, 1925, supports this contention in showing that title passed from Charles W. Harvie on March 4th, 1915, some eight months previous to the giving of the note by Mr. Jones.

I would, therefore, respectfully suggest that action be taken to remove the registration of this note from title to the S.W. 3-11-19-West 4th Meridian.

You are, therefore, hereby authorized and requested to remove from the title to the said the S.W. 3-11-19-W. 4th M., the lien in question for \$50.00, registered against it on the 22nd November, 1915, under No. 1753 B.L.

General Check of Records

Deputy Minister of the Interior,  
Ottawa, Ontario.

Dear Sir:-

Mr. Henry Jones now residing at Bashaw, Alberta, filed on the S.W. quarter of 3-11-19 West of the 4th. Meridian Alberta about the month of September of 1908 and he proved up on this land we believe some time during 1913.

Mr. Jones claims that the best crop he had on this land in any year was four and one half bushels per acre and consequently he was forced to dispose of the land in 1914 for a rather small sum in order to pay a part of his debts.

Since that time he has been doing such work as he could obtain. He now desires permission to take up a new homestead in Northern Alberta. We believe there is provision in the regulation for those who took up land south of township 31 in the pre-emption and purchased homestead area, who is no longer the owner of a farm, to make entry for another homestead if granted the right to do so by the Minister and upon submitting proof of his Bona Fides as a settler in the form of a certificate from the Government of the Province.

We desire to know if Mr. Jones would be granted permission to make entry for another homestead in view of the ~~fact~~ above circumstances provided he can obtain the required certificate from the Government of the Province of Alberta.

Yours truly,

ATKIN & RUSSELL

Sir,

H.W. 2-11-19-7.4th  
Patented Homestead.  
H.B. Jones.

I beg to acknowledge receipt of your letter of the 26th ultimo and in reply may say that under an amendment made to the Dominion Lands Act in 1923 the privilege of a second free homestead is extended to those settlers who took up homesteads and obtained patent for same prior to the 1st January, 1923, in what is known as the "Dry Area" in southern Saskatchewan and Alberta, i.e., that portion south of the south boundary of Township 31 in the old pre-emption and purchased homestead tract. The main points of the amendment are explained on page 8 of the enclosed "Hand-Book".

If Mr. Jones wishes to secure the benefits of the amendment he should first of all communicate with the Provincial Authorities at Edmonton giving them full particulars as before his case can be considered by this Department he will require to furnish a Certificate of Approval from the Province. He should address his letter to the Deputy Minister of Agriculture, Edmonton, Alta.

In the event of his being successful in securing a Certificate of Approval he may then select one vacant and available quarter-section outside the "Dry Area" as specified in the amendment to the Act and make application to the Agent of Dominion Lands for the district in which the land is located to have it reserved for him. If the Agent is aware of no reason to the contrary he will reserve the land in favour of Mr. Jones. He will then require to furnish this Department with satisfactory evidence as soon as possible in the shape of Abstracts of Title showing that he has been divested of all interest in his patented homestead and any other land holdings (excepting town property) which he may have in the said "Dry Area". Upon his furnishing this evidence he will be given permission to again appear before the Agent and make

Yours,

formal

formal application for entry for the land selected.

I might add that there is no provision under which he can reconvey his land holdings in the "Dry Area" to the Crown. It will be necessary for him to furnish evidence that he has disposed of all his interest in such lands and that they stand in the name of some other person or persons but not in the name of the Crown, or in the name of a member of his family.

Should he secure another homestead he would require to perform all the ordinary homestead settlement duties in order to obtain patent. Any seed grain or relief indebtedness to this Department would have to be transferred to the new location.

J. M. ROBERTS

Sir:

I beg to acknowledge receipt of your letter of the 20th instant in reply to mine of the 3rd idem, in connection with the relief lien outstanding against your former entry for the S. W.  $\frac{1}{4}$  - 3 - 11 - 19 - W. 4th amounting to \$50.00, bearing interest at 5% from October 28, 1915, and in reply would state that the Department advised that you executed a provision note in favor of the Crown on October 28th, 1914, while you were living on the above mentioned quarter section.

I am, however, by copy of this letter forwarding your communication to the Department, asking them to write you in this connection.

Our Agent of Dominion Lands at Edmonton has forwarded to this office your communication addressed to him under date of the 20th ultimo in which you contend that there is some mistake in the \$50.00 Lien now established as a charge against your entry to the S.E. 17-62-1-West 5th Meridian.

In answer I beg to advise that this was an advance of provisions made to you in the fall of 1914 for which you signed a note in the amount of \$50.00 bearing interest at 5% from one year after date, that is October 20th, 1915. This is substantiated by evidence on file and also by a comparison of your signature on the document in question.

I am in receipt of your notice in the above case, with attached statements. In the statement of dividends, the claim of the Dominion Government is shown as \$59.20. This is not correct. The amount owing by Robert Harvie under liens for seed grain and fodder advances is \$595.20 as on the 31st May, 1938, and the amount owing by Charles N. Harvie on the same date for seed grain, fodder and relief, is \$863.35, statements of the accounts being attached hereto. The liens for seed grain and fodder are a first charge against the lands mentioned.

RE ROBERT & CHARLES M. HARVIE -  
HOMES & H. HARVIE & SONS, Debtors.

Dear Sir:

In reply to your letter of the 9th instant, I beg to advise you that a lien for \$50.00 was formerly charged against the S.W. 1/4 3-11-19 W.4th, which stood in our records as the patented homestead of Henry Robt Jones. At the time the letter, copy of which was enclosed, was sent you, the department had no record of the interest of Charles M. Harvie in this quarter. Later Mr. C. M. Harvie satisfied the Department that he had held title to this land from the 4th March, 1914, and that H. R. Jones did not have an encumberable interest at the time the lien was filed. The lien for \$50.00 was therefore removed from title to the S.W. 1/4 3-11-19 W.4th.

The liens given by Charles M. Harvie are registered and a correct charge against the S.W. 1/4 3 and S.E. 1/4 4-11-19 W.4th, and those given by Robert Harvie are registered and a correct charge against the S.W. 1/4 4-11-19 W.4th and N.W. 1/4 32-10-19 W.4th, as shown by the statements sent you with my letter of the 5th instant.

Re. S.E.17-62-1-W. 5th.  
S. N. 3-11-19-n. 5th.

Sir:

I beg to acknowledge receipt of your letter dated the 4th instant in which you infer that you are not in a financial position to make payment of your account for Relief advanced by this Department on the security of your former entry the S. N. 3-11-19-4. 4th, and that your intention is to do so before you apply for patent of your present entry namely, the S. E. 17-62-1-W. 5th.

In this connection I am to advise that it is not the intention of the Department to unduly press for payment of the account but as you are no doubt aware, this indebtedness has now been outstanding for approximately 13 years and to this date no payment has been made towards its reduction. It is expected that you should endeavour to do so in the near future, which would, no doubt, be to your own advantage as the interest is steadily accumulating and furthermore we are particularly anxious to have the account closed on record.

Kindly make provision for a payment this coming harvest, direct to this office or to the Agent Dominion Lands, Edmonton, Alta.

George Bathgate has long since disappeared while Charles  
is a discharged bankrupt the bankruptcy proceeding being  
wound up in 1938. There is accordingly no possibility of obtaining  
any repayment from the debtors themselves.

Title to the 3-11-19-4 was allowed to revert to the  
taxing authorities for non-payment of taxes and as no waterlaid  
this land was eventually transferred to the Department of Lands and  
Mines for administration. The policy of that Department is to hold  
such land available for lease only and very little revenue is realized  
therefrom insufficient to more than provide the services in the way  
of roads, schools etc, than is necessary for the few remaining  
residents. This land can, therefore, not be considered of any value  
as security.

Title to the 4-11-19-4 was taken by the Lethbridge Northern  
Irrigation District at which time the joint holder Lanes were  
automatically removed from the 4-11-19-4 with the result that  
no further security was held for the joint holder advances.

The Lethbridge Northern Irrigation District which is now  
administered by the Provincial Department of Water Resources has  
arranged a sale of the 4-11-19-4 for the sum of five hundred and  
sixty dollars (\$560.00) per quarter section which they contend is all  
that can be obtained from the land which is of rather poor quality.  
The contention is borne out by the fact that the 4-11-19-4 is  
assessed at four hundred and seventy dollars (\$470.00) while the  
C.F. is assessed for four hundred and ninety dollars (\$490.00) for  
taxation purposes.

The C.F. 4-11-19-4 was subject to a mortgage held by the  
Excelsior Life Insurance Company registered in 1914 prior to any of  
the Lanes. The Irrigation Districts Act provides that consideration  
must be given to first mortgages in the event of sale of land by the  
Irrigation District and in order to provide for the district to  
receive some money in this case an agreement was entered into between  
the district and the Company to the effect that if the mortgage were  
exercised any monies received from the sale of the land would be  
distributed on a pro-rata basis.

The various charges which appear on the 4-11-19-4 that must  
be some portion of the proceeds of the sale are as follows; the  
amounts shown being principally only including no interest or  
monies in any case.

After considerable negotiation an offer was made by the Department of Motor Resources that one-half of the principal of the Location Lien in respect of the 4-11-19-4 and the full amount of the principal of the Location Lien in respect of the 4-11-19-4 be accepted for release of the Location Lien. Taking into consideration the interest and penalties which have accrued on the various claims and the fact that the mortgage on the 4-11-19-4 represents a first charge, it would seem that the suggested settlement is fair to all parties concerned. The proposed settlement actually means that the Department of Motor Resources and the Executor Life Insurance Company will both suffer a much greater loss than will be the case in respect of the Location Lien.

In view of the foregoing I would recommend that the joint holder of the Location Lien, Charles M. Nave, be written off in their entirety as there is no possibility of collection being made. I would further recommend that upon application of two hundred and fifty dollars and fifty cents (\$204.50) on account of the Location Advances obtained by Charles M. Nave and fifty dollars (\$50.00) on the Location Advances obtained by George Bushette, the Location Lien be written off and the Liens discharged.

Provisionally used with advances totaling eight hundred and twenty-four dollars and ninety-two cents (\$844.92) including interest thereon 21/31 only have already been committed.

Yours very truly,

CHIEF COLLECTION.

Re: Account of Henry Rolls Jones  
S.E. 1/4 17-62-1-W.5th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 relief amounting to \$50.00 was advanced to Henry Rolls Jones on the security of the above mentioned land. A payment of \$10.00 was received in 1916 and applied to the principal and interest. The present standing of this account is:-

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$40.50	\$81.47	\$121.97

Patent was issued in the name of Henry Rolls Jones for the S.E. 1/4 17-62-1-W.5th on the 9th of April, 1912.

According to an Abstract of Title dated the 27th of January, 1956, this quarter-section of land now stands in the name of a Mr. Gerald S. Breadner of Dapp, Alberta, clear of any encumbrance.

As the lien is not registered against the land and there is no further security for the advance, it is recommended that the balance of the indebtedness be cancelled.

Copy to A.D.L. Medicine Hat, Alta., (Ref. 17579.)  
George Ensign, Esq., Seven Persons, Alta.

Sir,—

Referring to the cancellation proceedings outstanding against your pre-emption entry for the North West 1/4 of Section 23, Township 11, Range 8, West of the 4th Meridian, I am to say that the Department is in receipt of a report upon the land by a Homestead Inspector, from which it appears that you were in residence upon the quarter-section from the 15th of December, 1910 to the 20th ultimo, the date of report.

It appears that you are now performing the settlement duties in a proper manner and the Local Agent of Dominion Lands at Medicine Hat is being instructed to abandon the cancellation proceedings and notify all the persons interested.

I am to warn you, however, that should you again be reported in default in the performance of your duties, your entries may be cancelled.

A homesteader who also holds a pre-emption, must perform the residence duties required in connection with each quarter-section, by living either upon his homestead or upon his pre-emption; residence in the vicinity is not allowed. You will see that the time you have lived with your father in the neighborhood cannot be counted to your credit.

Your obedient servant,

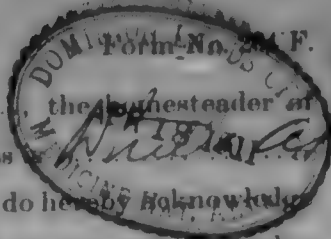

L. PEREIRA  
Assistant Secretary.

Sir, -

Referring to the cancellation proceedings outstanding against your pre-emption entry for the North West 1/4 of Section 23, Township 11, Range 8, West of the 4th Meridian, I am to say that the Department is in receipt of a report upon the land by a Homestead Inspector, from which it appears that you were in residence upon the quarter-section from the 15th of December, 1910 to the 20th ultime, the date of report.

It appears that you are now performing the settlement duties in a proper manner and the Local Agent of Dominion Lands at Medicine Hat is being instructed to abandon the cancellation proceedings and notify all the persons interested.

I am to warn you, however, that should you again be reported in default in the performance of your duties, your entries may be cancelled.

A homesteader who also holds a pre-emption, must perform the residence duties required in connection with each quarter-section, by living either upon his homestead or upon his pre-emption; residence in the vicinity is not allowed. Re: Account of George Ensign  
N<sup>o</sup> 23-11-8-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1911, 1915 and 1922 seed grain, fodder and relief amounting to \$360.34 were advanced to George Ensign on the security of the above mentioned land. A payment of \$25.85 was received in 1915 and applied to the principal and interest. The present standing of this account is:-

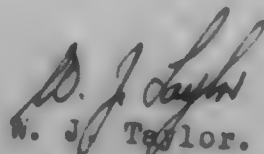

<u>Principal</u>	<u>Interest</u>	<u>Total</u>
\$334.73	\$19.90	\$1,054.63

Patent was issued in the name of George Ensign for the N.E. 1/4 23-11-8-W.4th on the 14th of November, 1913, and the land later became subject to the 1911 and 1915 liens. The N.W. 1/4 23-11-8-W.4th was formerly the pre-emption entry of the debtor whose entry was cancelled in 1932. The land was later re-entered upon by a Mr. Harry Lillick Gray to whom patent later issued and there is no record of the liens having ever been registered against the land.

The N.E. 1/4 23-11-8-W.4th is of low assessed value and is situated in a drought area where income from farming is very low. The land has never been sufficiently revenue producing to enable the repayment of the liens.

According to an Abstract of Title dated the 26th of January, 1956, the N.E. 1/4 23-11-8-W.4th now stands in the name of The Trusts and Guarantee Company, Limited, Administrator of the Estate of Eugene Ensign (deceased) as such Administrator, subject only to the 1911 and 1915 liens; while the N.W. 1/4 23-11-8-W.4th is shown as registered in the name of a Mr. Harry Lillick Gray, clear of the encumbrance of George Ensign's liens.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances it is recommended that the balance of the indebtedness be cancelled and the liens discharged.
